AT PRESS-CITY HALL PANEL

County Mayors Turn Tables on Newsmen

By RON BATES

THE TABLES were turned on newspaper reporters at a meeting of the San Mateo county Council of Mayors Friday night at the Villa Chartier in San Mateo.

Newsmen were on the receiving end of questions by politicians in a panel discussion called: "Press and City Hall."

The questions ranged from withheld letters to the editor to a definition of the word "politician."

Participating on the panel were Walter Jack, vice president of The San Mateo Times; Ray Spangler, publisher of the Redwood City Tribune and Ed Bauer, editor and publisher of The Half Moon Bay Review.

At the dinner meeting were several editors and publishers of newspapers throughout the county.

They attended as guests of the mayors of the cities in which they publish.

A major point of the panel discussion was summed up by Jack, who declared:

"The newspaper's primary purpose is to know what is going on in City Hall and to let the people know. "We must protect our open avenues of news."

He said the newspaper's responsibility is not only to gather the news objectively but to help guide readers' thinking through the editorial columns with interpretive analyses.

"We may have contrary views to a city official and tell him so in the editorial columns," Jack said. "But we will back him in the next election." And he added:

"We want to get the best possible man to get the best representation."

SPANGLER said the goals of the newspaper and the city officials are not contrary.

"We want a wise, informed electorate," he said. "The difference comes when you want to meet in private and we want to meet in public."

Spangler expressed concern that the public does not participate in meetings while they are in session.

"Generally the first time the public knows about a meeting is after it happens when they read about it in the newspapers," he said.

Bauer said, "Contrary to the theory of American democracy, some people think that some things about the city council should be kept out of the newspapers."

He said there are some people in Half Moon Bay who think articles derogatory of city officials should be hushed because these officials are people of stature in the community.

On participation of residents in city government, Bauer said: "It seems the only time people come to a city council meeting is to complain."

He said newspapers should do everything they can to stimulate interest in city government.

"The more people at a meeting, the better government we're going to get," he noted.

THE QUESTIONERS came up with these thoughts:

William Lawson, mayor of Menlo Park: "We as officials are often presented to the public through the eyes of the cub reporter. People fail to realize the burden placed on us. Government is becoming very complex."

Lawson said a lack of contact and communication exists between the two entities and an of-

HEARING MONDAY

S.S.F., San Bruno Struggle Mounting On Westborough

Westborough was a land nobody wanted three years ago when Daly City tried to annex it. But now everybody does and as a result, South San Francisco is anticipating a lively first public hearing on annexation of the territory Monday night.

The City of San Bruno said last week it wants to annex the entire residential development of Westborough.

A similar claim has been made by South San Francisco but to date that city's council has initated proceedings to annex only the uninhabited portion, approximately 543 acres of the 650-acre subdivision.

Westborough homeowners, in a special meeting last week, passed a resolution saying "all or nothing at all" and have requested Westborough Homes incorporated, owners of more than 50 per cent of the assessed valuation, to protest the annexation.

We Post Some New Records

Today's edition of The Post establishes several new hgih marks for Northern San Mateo county's leading weekly newspaper.

Effective today, The Post begins delivery to every home in South San Francisco. Areas already covered include: Daly City, Pacifica, Colma and Westborough.

The new coverage area brings to 42,432 the number of homes now receiving the weekly Post-Times edition.

This is an increase of 10,132 homes, or more than 30 per cent over The Post's initial circulation figure of 32,200 in May, 1962.

This week's 40-page Post is also the largest ever published and establishes a new record for advertising lineage.

A total of 90 display advertisers are represented for a total of 3002 column inches of retail advertising. This tops by 733 inches The Post's previous lineage record, established in June, 1963.

Combined with 304 inches of classified, legal and [illegible] this week carries 4306 total inches of advertising linage, also a new high.

Two Infant Boys Found Abandoned in DC Lobby

ALL ALONE — These two infant brothers, abandoned Monday night in the lobby of a luxurious Daly City apartment building, are shown here in County General hospital. Older boy places a reassuring arm about his brother. Daly City police flashed a state-wide teletype on the discovery of the boys as a search for their mother and father began.

STATEWIDE SEARCH ON

Well-Clothed And Healthy

Two infant boys, one about two years old and the other about two months old, were found abandoned in the lobby of a posh Daly City apartment building shortly after midnight Monday night.

Investigators said the boys were well dressed and in apparent good health. They were taken to County General hospital.

The boys were discovered by Daly City Patrolman Harry Lee and Westlake Special Officer William Potter.

The officers were on patrol when they noticed the youngsters in the lobby of the Federal Court apartments at 235 Southgate avenue near the Westlake Shopping Center.

The younger boy was asleep in a plastic baby carrier. He was wearing short yellow pants, a polo shirt, sweather, shoes and a white cap.

Sleeping next to him, awake, was the other youngster, dressed in blue pants, checkered shirt, a brown cord car coat and white tennis shoes.

Nearby was a pillowcase filled with diapers, blankets and miscellaneous baby clothing.

Investigators said the clothing the boys were wearing appeared to be new.

A check with residents of the apartment building failed to turn up any clue to the identity of the youngsters or who had left them there.

Daly City police contacted other police administrations on the Peninsula and were informed that no reports of missing children had been received.

A teletype on the discovery of the boys was flashed to police departments throughout the state.

Mrs. Margo Mohn, probation officer in charge of the case, came to check on the children and explained they are automatically under a 72-hour hold, and the county has jurisdiction over them until the parents are found or an abandonment petition is filed. A detention hearing then must be held. The children, meanwhile, will be held until the official hear-

Civic Center Puzzle Isn't Yet Complete

Daly City officials almost put the civic center site dispute [illegible] but a few key pieces were missing. A final announcement on a site was deferred until they can be found.

An announcement of a site selection was expected Monday following a city council study session that ran from 7 p.m. until 12:30 a.m., according to City Manager Edward Frank.

JUHS Unit To Support Unification

The Board of Trustees of the Jefferson Union High School district voted formally Monday night at a special session to support a proposal that would combine five north county school districts into a unified district encompassing the area now served by Jefferson.

The proposal had been made by the County Committee on School Reorganization.

The committee was scheduled to meet in augmented session last night to cast a final vote on its proposal.

The action by the Jefferson trustees had been expected. Trustees in the past had indicated they would not support any proposal that would divide their district.

The committee plan would keep the district's four high schools under one administrative roof.

Elected to represent the Jefferson district for last night's vote was James Cooper.

The board recommended that he vote in favor of a seven-man board of trustees for a unified district and that these trustees be chosen at large.

The Jefferson trustees also recommended that he vote for a proposal that the unified district assume the bonded indebtedness of each of the component districts.

The action by the Jefferson board followed a detailed analysis of new and present legislation

5% Rate Set by DC Savings Firm

Systematic Savings and Loan association of 7070 Mission street, Daly City, has boosted its interest rate to five per cent—highest in San Mateo county and believed to be the highest in the Bay Area.

The new rate, up from 4.8 per cent now paid by the association, became effective yesterday, the start of the last quarter of the year.

Systematic held its rate at 4.8 July 1, when a number of savings and loan companies in the Bay Area dropped their rates to 4.5 per cent.

John J. Wuerthner, executive vice president of Systematic, said the new five per cent rate has been made possible by "a very efficient and gratifying loan portfolio."

He explained the company's volume of residential loans has been increasing for Systematic and that "because of this trend, we're able to pay our savers

New Industrial Park Is Planned for SSF

Cabot, Cabot & Forbes, real estate development firm, has announced that it will build a 600-acre industrial park in South San Francisco. The announcement was made by Gerald W. Blakeley Jr. CC&F's president.

The $50-million project will be called San Francisco Bay Industrial Park and will be built at San Bruno Point, on land just acquired from the Bethlehem Steel Co.

It will be the twenty-fifth industrial park created by CC&F under Blakeley's leadership, the first in the west and second in size only to CC&F's King of Prussia Park, near Philadelphia, Penn.

The firm is presently developing Laguna Niguel, a 7000-acre, predominantly residential community in Orange county, Calif., but the South San Francisco project will be chiefly industrial.

"We are planning to build an industrial center here of which the whole Bay Area will be proud," declared Blakeley. "We estimate that this will be a $50,000,000 development."

The park will be developed with strict regard to appearance, efficiency and co-ordination.

Housewife Wins Grid Contest

A San Bruno housewife is this week's witner in The Post-Times Football contest. Mrs. Esther Oates of 524 Cedar avenue, San Bruno, won first prize of two tickets to the California-Stanford big game by naming 13 of 15 teams correctly and estimating the San Francisco 49ers would gain 225 yards. The 49ers gained 227 yards.

There were eight other entries with 13 games correctly selected. But Mrs. Oates edged

Strike Fear Said Factor In 2 Deaths

A murder-suicide theory advanced by Daly City police in the death of Robert and Esther Charette last week, seemed more valid this week, according to detective Phillip LaBruzzo.

The couple were found dead September 23 in their home at 184 St. Francis boulevard. The husband's wrist was slashed in two places. The wife was stabbed once in the collar bone and twice in the back of the head.

Mrs. Bernadette Charette told LaBruzzo that when she saw her son the previous saturday night, he was despondent over a possible strike at United Airlines where he was employed as a mechanic.

RULES TO BE ENFORCED

Improvement Unit Set in Fairmont

For the first time, a Pacifica neighborhood will have an organization similar to the Westlake Improvement association with the power to regulate property maintenance and improvement.

Ed King of the Doelger corporation told Pacifica City council last week that a meeting has been set for Monday, October 14, of all 150 or so present residents of Fairmont at which a homeowners association will be formed.

King said a covenant, similar to one in Westlake, has been written into Fairmont home deeds.

If a homeowner refuses to cut his lawn, allows weeds to grow, lets his street tree die, builds a "spite" fence or does anything else considered detrimental to the appearance of the neighborhood, the homeowners association can step in and have the work done.

If the homeowner refuses to pay for the work, the association can place a demand with the title company and collect when the house is sold.

Fairmont residents will pay $18 to join the association. Dues will be $8 a month. Association funds will be used, King explained, for the general beautification of the area: planting open strips, building bus stops, etc.

A board of directors will be chosen by members of the association to investigate problems and complaints and take action.

King explained that Fairmont residents had expressed great interest in having such an association.

He said that property owners did not feel the association's rules would be regimentation, but would help residents develop pride of ownership and pride in their community.

Such regulations are a feature of all good home development areas, such as Forest Hill and St. Francis Woods in San Francisco, he explained.

At a Pacifica council meeting last week, King invited city officials to attend the October 14 meeting to acquaint Fairmont residents with city services and to answer questions.

He agreed with councilmen that the Fairmont people have not yet become identified with Pacifica and said "they think they're lost, not in Daly City or Pacifica."

After the Pacifica council approved the tentative map for Fairmont development 3, King announced that sales for the new subdivision have passed all projected estimates and that advertising for Fairmont 2 will begin this week.

The Doelger corporation is seeking to have Hickey boulevard extended all the way to Monterey boulevard, King explained.

He said storm drains have been installed and the road connecting Fairmont directly with Pacifica will soon be paved.

He said they are also working with church groups and school districts in planning services for the area.

Doelger representatives expect to have the subdivision finished and sold in one year and 18 months, he announced.

$12,000 In Goods Stolen

Thieves stole hi-fi equipment valued at more than $12,000 from the Koessler Sales company, 2803 Geneva avenue in Daly City, over the weekend, police reported.

Investigators said the bandits apparently backed a truck up to the rear of the store and carted the merchandise away.

The equipment, which included amplifiers and tuners, weighed a total of about 1700 pounds, company officials said.

Police said the thieves pried open a rear door to enter the building after they had failed to break in through a window.

In addition to the hi-fi equipment, $15 in cash was taken from an office.

Investigators said the thieves apparently had been familiar with the surroundings. They said the bandits were selective in what they took. The building was not ransacked.

Fire Prevention Time

AS YOU CAN SEE, not even the mayor's house is exempted from the Daly City's Fire department's annual inspection of homes, a key phase of Fire Prevention week, which will be observed next week. Shown here, talking over an inspection check list, are from left, Captain Allen Brush of the central fire headquarters; Battalion chief Frank Specht, head of the Fire Prevention bureau, and Mayor Joseph Verducci. The scene is the mayor's living room. (Post-Times photo)

He's Not Being Nosy

If a fireman comes to your house next week and asks if he can rummage though it, don't be alarmed. He's not being nosy, he just wants to see how many fire hazards there are around you don't know about.

Mayor Joseph Verducci has proclaimed next week Fire Prevention Week in Daly City. Firemen will inspect homes as part of an ambitious program to eliminate common fire hazards.

Some of the things they will be looking for are defective wiring, improper fuses, frayed extension cords, or extension cords under rugs, Fire Chief Elmer Kennedy said.

Rubbish that piles up in closets, attics, basements and yards can provide fuel for flames that may destroy homes, he said. Paint and flammable liquids carelessly stored also can provide a start for a fire.

"Most people are living with one or more of the conditions that cause fires," Kennedy said, "fires that destroy more than a half million homes each year in the United States."

The surest way to eliminate these dangerous conditions is through a fire department inspection of your home, he said.

"A fireman knows where fires are most likely to start and what condition breeds them."

During the past week, the fire department has conducted a series of fire drills at schools throughout the city.

The schools have been graded on such factors as orderliness, speed and completeness during the drill.

The schools have been graded on such factors as orderliness, speed and completeness during the drill.

The scores will be combined with scores from a safety poster contest being conducted by the Daly City Fire Prevention Bureau. A trophy will be given to the school with the most points.

Residents to Protest Move

Mateo county Sanitation district.

The resolution was made to hold up the South San Francisco annexation until the city guarantees inclusion of the inhabited area along with specific services and facilities to the residents.

South San Francisco Mayor Patrick Ahern said his council could not initiate proceedings, however, until the annexation of the uninhabited portion was complete, he explained the inhabited potiron is not contiguous to the city boundaries.

No opposition was voiced at a South San Francisco Planning commission hearing last week on the annexation.

This is South San Francisco's second try at annexing the Westborough area.

Last year a similar action was taken by the council but during a required 30-day waiting period, a referendum petition was filed and developers withdrew the application.

A referendum vote killed Daly City's attempt to annex Westborough in 1961. Opponents of the annexation argued it would be too hard to provide services and that not enough schools were planned in the area by the developers.

San Bruno's council has directed City Manager Gerard Vergeer to proceed with plans to extend Sherwood way through Rollingwood into Westborough and to file a notice of intention with the county's new annexation commission to annex the subdivision.

Vergeer also was instructed to negotiate a pre-annexation agreement with the Callen company, developers of the subdivision.

San Bruno and South San Francisco are not the only governmental units involved with Westborough.

The San Mateo county Planning commission has been discussing plans, submitted by Callen, to build a 67-acre shopping center at the northwest corner of Junipero Serra and Westborough boulevards. The county master plan calls for only a 19-acre commercial area there.

Plans for the $22-million regional center, which would have parking spaces for 7000 cars, most of them on the roofs of stores, were outlined to the commission last week. Another meeting is scheduled tonight.

The commission staff pointed out that the proposed commercial development extends westward into lands set aside in the master plan for recreation, school and library sites and residential "town house" areas.

The development extends eastward into lands set aside for the future Junipero Serra freeway and would present serious grading problems, the commission was told by its staff. More than 3-million cubic yards of dirt would have to be removed.

The staff also pointed out that the developers are requesting zoning that conceivably could permit thousands of apartments to be built in an area designated in the master plan as commercial.

ing which is usually within three weeks.

Meanwhile, Mrs. Mohn said, "We hope the story and picture will be seen by the parents, or parent . . . and they will come for for their children. They're too lovely to leave behind . . ."

Mrs. Mohn herself will talk to Daly City police and scout the general area in which they were abandoned, although usually in such cases, the parents are either from out of town and frequently are from out of state. Someone may, however, recall seeing the children and may give a lead as to the parents.

If the parents don't claim their children they are placed in what is known as a subhome which is a home licensed to take care of children under school age.

If a relative could be located, Mrs. Mohn explained the county prefers to place the children in the relative's home whenever possible, giving the tots a family relationship.

Meanwhile, tiny, tousle-haired John Doe II lies in his crib, usually sleeping.

His brother wanders in and stands forlornly alongside—somehow sensing that they must be close to each other and hold the enduring faith of childhood that each day may be the day that their "Mommy" and "Daddy" will take them home.

SOFT DRINKS TAKEN

The Geneva club at 2601 Geneva avenue, Daly City, reported to police over the weekend that thieves had stolen a case of soft drinks from a storage locker.

They'll Chase Flies Instead

The Daly City Fire department, which normally spends its time chasing fires, will be chosing flies instead on Sunday, October 13, when it takes on the Daly City and Colma Volunteer departments in a baseball game at Marchbanks.

According to Frank Tardelli, chairman of the contest, the teams plan to make it an annual affair. A roster will be announced next week.

fort must be made by both to improve it.

Joseph Verducci, mayor of Daly City and president of the county council of mayors: "The word 'politician' has taken on a vile meaning. It has, in some cases, deterred a capable man from running for a council position for fear it would ruin his business. Why don't newspapers advocate candidates for positions?"

John Faber, mayor of Belmont: "The small dissident group at a council meeting is often overplayed. They make a lot of wild accusations which are sometimes not substantiated. There should be some attempt made to give equal time or space to the city official's side."

Webb Witmer, mayor of Millbrae: "Letters sent to the city council should be withheld at least until the council holds its meeting. Quite often a letter is sent to the papers long before it is received by the council for study."

Since there was not a cash winner, this week's prize is $150, plus $50 bonus for being a home-delivered subscriber to The Times. Fill your entry blank out now and mail it before the Thursday night deadline.

Mrs. Oates, born in San Francisco, has one daughter and three grandchildren. Her husband is a winch driver in San Francisco. She has entered The Post-Times football contest for the past several years, always being close, but never winning.

Mrs. Oates will appear as "guest expert," selecting next weekend's winning teams, in Friday's sports pages of The Times.

Of eight runners-up who had 13 of 15 entries right but whose estimate on the 49ers' yardage was not as close as that of Mrs. Oates, two are from the North county.

They are Santo DiMare of Daly City and Roy Hillard of South San Francisco.

five per cent."

The rate will be compounded quarterly.

When some associations dropped their rates July 1, concern over a possible tightening of the loan market was given as the reason.

A survey of some of the other leading associations in the Bay Area indicated that none would be paying as high as five per cent but that some would also be raising their rates, beginning tomorrow.

A spokesman for Litton Savings in Palo Alto, which pays 4.85 per cent compounded daily, said the rate would not be raised.

The spokesman said that compounding the 4.85 per cent daily means the rate actually is 4.97 per cent on a yearly basis.

Home Mutual Savings will boost its rate to 4.85 from 4.5 per cent in effect since July 1, a spokesman said.

Eureka Federal Savings and Loan, which dropped its rate to 4.5 from 4.8 July 1, will pay 4.85 per cent, starting tomorrow, a company spokesman said.

praisers studying two different sites were not complete and the council decided to wait.

More information is also needed from City Engineer William Chapman and Finance Director Joseph Arch, who was in Sacramento last week negotiating a loan from the State Retirement Fund.

The council placed a one-month deadline on a site decision last week when a resident appeared at the council meeting to find out what the plans were.

affecting unification by Superintendent Edward D. Morgan.

In other action, the board accepted the offer of an insurance broker to survey the rates the district pays its carriers and compare them with rates charged by other companies.

The broker offered to make the survey free, in an advisory role, with the understanding that the board would not be obligated to place any of its business with him as a result of the survey.

Last month, the board decided to have an independent appraisal made of its insurance coverage.

Fred Goodell, assistant superintendent in charge of business, reported Monday night that there was only one firm in the area that did appraisal work and did not sell insurance.

He said the firm had set a minimum fee of $1500 to look over the high school's insurance program.

The board decided to defer ordering such an appraisal pending the outcome of the survey of rates.

DEATHS

RAYMOND G. WHITNEY
Dies of Heart Attack

R. Whitney, Trustee of CSM, Dies

College of San Mateo Trustee Raymond T. Whitney, who worked on the College Heights campus from bond issue through final construction, died suddenly last week just six days before classes were to open at the new $6 million college plant.

Whitney, who served on three county school boards in the past decade, for a brief period simultaneously, became ill and died of a heart attack while awaiting examination in a doctor's office. He was 56.

Significantly, one of Whitney's final acts yesterday was to welcome new teachers at the College Heights campus. He then left for Pacifica, where he died.

Whitney was a member of both the Jefferson Union High school district board and the Laguna Salada school board when he was elected to the college board of trustees in 1957.

President Julio Bortolazzo of the College of San Mateo said of Whitney: "His public service was characterized by real dedication. In the six years he was on the board he missed only one board meeting—that because of the heaviest fog in the county's history. He was a real public servant."

Jefferson High school Superintendent Edward Morgan said: **"Ray Whitney was a fine personal friend, but he also contributed mightily during the local district's period of spectacular growth. He has a fine memorial in both of Pacifica's high schools — Oceana annd Terra Nova — which he helped plan plaque along with other trustees of the time. He was a real friend of education. For the kids, he wanted the best."**

A postmaster at Linda Mar, Pacifica, from 1957 to 1959, Whitney lived at 56 Alcatraz avenue, Half Moon Bay.

Whitney was en route to a doctor when he apparently was stricken. He pulled his car off the road near the Sharp Park golf course and flagged down Pacifica Patrolman Edward Ulrich, who drove him to the medical center.

Mrs. McLain said he was sitting in the doctor's office when he collapsed and was pronounced dead.

Since moving from Pacifica to Half Moon Bay a few years ago, Whitney had been a real estate broker and land developer.

He was one of the organizers and a member of the Pacifica Chamber of Commerce and a member of the Pacifica Lions club and the Toastmaster's club.

A native of Dorchester, Mass., he had studied at Northeast university, Boston, Mass., Harvard, Massachusetts Institute of Technology and Boston university.

During World war II he served in the coast guard and the navy. He also saw service in the merchant marine.

In addition to his wife, he is survived by two daughters, Mrs. McLain, and Mrs. Carol Ann Prentice of Half Moon Bay, four grandchildren and his mother, a sister and a brother in Massachusetts.

The family requested that donations be sent to College of San Mateo Business Manager Matthew Fasanero to be used for a memorial fund in Whitney's name to purchase books for the college library.

Funeral services were held Friday at 10 a.m. from Nauman and Lincoln's Chapel by the Sea mortuary, Pacifica, and later at St. Martin's Episcopal church, Daly City.

The Rev. John Fredericks of St. Edmund's Episcopal church, Pacifica, will officiate. Interment will follow at Golden Gate Nattional cemetery.

Masonic rites were held at the Chapel by the Sea, under the auspices of Coastside Lodge 752, F&AM.

1st Masses Held in Church-in-Round

The first mass was celebrated last weekend at the newly completed St. Peter's church, Pacificas' church-in-the-round. Last Christmas a mass was said at the unfinished church when there were no walls and the congregation had to stand on bare ground.

Pews have not been installed and the congregation sat Sunday at the 9 a.m. and 11 a.m. masses on folding chairs brought from the old church. Many stood.

The altar from the old church on Adobe drive, a converted residence long outgrown, is also being used temporarily.

In honor of the opening of the church, the teaching brothers choir from Riordan High school sang. Formal dedication of St. Peter's church will take place later when Archbishop Joseph McGuucken returns from Rome.

The Rev. Francis Reilly performed the first wedding in the new church Saturday. Herman Tachera and Donna Castellanos of San Francisco were married.

The building is supported by radiating arms of concrete. There is a central opening in the dome from which extends a tall slender cross. Walls of the church are glass, affording panoramic views of the surrounding hills and trees.

ABE WOODSON'S recently acquired non-football post as an S&H Green Stamp public relations man opens new vistas of 49er trading possibilities.

For instance, perhaps, with the help of jovial public relations man Woodson, Vic Morabito could talk the Cleveland Browns' energetic owner, Art Modell, into parting with, say, Jimmy Brown, for 430½ filled Green Stamp books.

We realize that, on the surface, this doesn't sound like too much to offer for football's greatest running back, but when broken down into premiums, we find that 430½ books would net Modell a plexiglass outboard boat and a six-day, seven-night Hawaiian vacation for two.

In cash, this would amount to a rough outlay of only $52,000 for Vic, but we're sure that if soft-hearted Artie, as we understand Paul Brown called him on the day he was fired, put money considerations aside for the moment and thought of the many months it would require Vic to collect the stamps—not to mention the hours of uncomfortable precision gluing and the annoyance of perpetually sticky pinkies involved—he would consider such an offer carefully.

And if Vic played his cards right, he might even get Art to take him along on the free Hawaiian vacation.

★ ★

SHORT OPEN MEMO TO VIC:

Dear Vic: No more worries about kids running off with footballs at Kezar. You can get dandies for 1½ books of Green Stamps. Get all the boys' wives busy collecting for you. It'll be good therapy, too, for the wives of players who don't make enough money to cut coupons.

WE'RE delighted to see Italian-American ball players making a comeback in the majors.

After the DiMaggios left, presence of Italian-Americans in the big time hit a slow but steady decline.

A few, like Bera, Cimoli, Gentile, DelGreco, Broglio, Colvito, Malzone, Francona and Mossi have held the line, and are finally being re-inforced.

Now we have the Giants' Garibaldi, Chicago's Boccabella (Cubs) LA's (Angels) Fregosi, and Houston's Fazio, joining Broglio, Cimoli, Gentile and Mossi as San Francisco and Bay Area Italian-Americans in the majors.

Then there's Orsino at Baltimore, and we've noticed, in recent weeks, the names of La Russa and Petrocelli at the shortstop positions for Kansas City and Boston, respectively.

There's also Pagliaroni, taking over Boston's catching chores this year, and, of course, Pepitone at first base for the Yankees. The Giants' own Jim Duffalo now seems to have come into his own as a pitcher, and there are others.

Fazio, Garibaldi, and Boccabella, incidentally, all played on the same Santa Clara nine of '61 which almost took the national collegiate championship for an Irishman.

Paddy Cottrell, their coach and a former Yankee scout, should get a medal for keeping his head when his players are signed before they play out their eligibility. Neither Fazio nor Garibaldi finished theirs, and Paddy's already had a player or two signed this year who still had eligibility.

EVERY TIME we're sure we have an idea of just how great Warren Spahn is, we amaze ourself even further by remembering that we attended junior high school with two of Spahn's nephews.

At the time, Warren was already a 20-game winner and we were just winning our spurs as the junior high's first baseman.

We've been retired for almost 10 years, now, but Spahn's still going strong.

Somehow, it just doesn't seem right.

WE CAN'T understand why athletes nowadays are so fragile.

The American youth of today is much larger than even his most recent forbearers. A better diet gives him clearer eyes, better toned muscles, more endurance.

Advances in medicine and surgical techniques give him quicker recuperative powers.

Yet we get guys griping nowadays about playing a day game after having flown all night (a few hours) on a jet, which they had to hop an hour after a night game.

Big deal! So the old timers did play all day games. Some of the young whinners should ask them, though, what it was like to ride overnight in a cramped, non-air conditioned pullman, and then have to play the next day with a swollen ankle which had to hurt because no one had yet heard of cortizone.

And, of course, there are the pitcher's who gripe when they're not pitched often enough to keep their "control sharp," and who also gripe if they're asked to pitch one third of an inning with only two days' rest.

We guess they never heard of Iron Man McGinnity, who used to pitch—and win—doubleheaders like they were Sunday picnics. Or Walter Johnson, who once pitched three shutouts in a four-day period.

HIGH SCHOOL HIGHLIGHTS:

Jess Jones' Oceana footballers are given a chance of winning a couple this year, and though this may not seem a comforting thought to most people, to Jones it's probably the nicest thing he's heard in three years.

It's been two full seasons, now, since Jones has seen one of "his" teams win.

He suffered through a winless Terra Nova season in '61 when he assisted Floyd Gonella at that school, and then had to sit through another blank year in '62 as Oceana's head man.

Curiously, Jones, a fierce competitor when he was an all-league guard at San Francisco State College, is now relatively serene about losing, even though he hates it as much as ever.

His wife, Lois, a counselor at Oceana, says that the only discomfort he seems to suffer now is on the day of the game.

"He stares off into space and mumbles to himself over breakfast," she says, "but he at least doesn't seem to be in any pain."

THAT PRETTY young female PE teacher at Jefferson is Diane Camilli, sister of Dodger catcher Doug, daughter of former great Brooklyn first sacker Dolph.

Word is she suffered greatly during last year's Gi-Giant-Dodge playoff, running around between classes trying to catch scores.

Now, the word is, she's satisfied that her brother's in the series.

Sharks Aim for 1st NPL Victory

Injuries May Hurt '63 Hopes

By RON BATES

CHANCES OF moving into the win column for the first time appear much brighter this season for Jess Jones' Oceana football Sharks, but key injuries could spell another disasterous season.

The Sharks begin their second football season on a varsity level without a taste of victory and a very thin bench. Only 25 players, nine of them lettermen, have turned out for football this year.

"If we keep getting injuries like we have been, we won't win one this year either," Jones said.

The Sharks were dealt a serious blow, both physically and psychologically, last Wednesday when first string fullback and key defensive star Steve Rentmeester broke his leg in practice.

Rentmeester, biggest man on the team at 205 pounds, figured heavily in Jones' hopes for this season. In addition to being a good football player, he also was a team leader, Jones said.

Rentmeester was the team's kickoff man and conversion specialist. He consistently kicked the ball into the end zone or at least to the five-yard line on kickoffs.

Jones said he will probably be able to find another kickoff man but has no one to replace Rentmeester at conversions.

If the injuries stop, however, Jones feels the team can surprise some clubs that think they have a sure win.

"The material this year is much better than last year," he said. "I think we can win some games if the team will pull together and doesn't let down when it gets behind."

THE SHARKS have some good backfield potential to work with this season.

Letterman quarterback Steve McCaughey is expected to share signal-calling honors with Steve Cavallero, a transfer student from Jefferson High school. Jim Morago, a junior playing for the first time, will back up the duo.

Handling running chores are two all-league potential players in halfback Bill Reisen and fullback Rod McDonald.

This is Reisens' first year and he has shown promise, according to Jones. McDonald has the fullback slot exclusively now with the injury to Rentmeester. Reisen, a hard runner, may see double duty at both halfback and fullback.

Jones expects a lot of help in the backfield also from Tom Summy, Al Morris, Ken Cozby and Chuck Wynia.

Summy is one of the Sharks' strongest defensive backs. He won honorable mention for All-league last season and will share the starting post with Reisen and McDonald.

"We don't have a big line," Jones said, "It's light and we'll have to depend on speed. It's not the type of line that can drive consistently through a bigger line."

Nevertheless, Jones expects the line to give the quarterback good protection when he fades back to pass.

Oceana's passing attack has yet to develop effectively, Jones said, but when it does he believes the chances of the offense moving the ball will go up about 50 per cent.

"We have some fine pass-catching ends," he said. "We need to develop the throwers."

The line will be anchored by these veterans: tackle Ted Brodd, guards Hoppy Andrews and Mickey Nance and center John McBride.

Brodd and Andrews have been tabbed as All-League candidates on the line "if they play to full potential," Jones said.

McBride, at 190 pounds, is the biggest man on the team. He will be backed up by Jerry Fisher.

Veteran Dale Telegan will share the left end position with Redding transfer Bill Whitman and Terry Leach. At the other end will be Rich Cashdollar and Ernie Brede.

Cashdollar, a senior transfer from Westmoor is the oldest of two brothers on the Oceana team. Bill Cashdollar, a sophomore will see action at tackle.

AT THE TACKLE slots behind Brodd and veteran Dave Gates are Larry Perimon and Bob Dyer.

With only 25 men, Jones said, "no one is a specialist" and almost every man has two or three positions. A high school normally has about 35 to 40 players on its squad.

On defense, Brodd and Dyer will shift to end while center McBride will move to the tackle slot.

The Sharks' defense so far has been lagging behind the offense. Usually a man can play defense better before he can offense, but the Sharks are exceptions to the rule, Jones said.

Oceana dropped its first game to Drake 41-0. The club will open league play with El Camino October 18.

KEY MEN—Oceana Coach Jess Jones is counting on these key men to give him some wins this season. Kneeling left to right are tackle Ted Brodd, guard Mickey Nance, center John McBride and guard Hoppy Andrews. Standing is halfback Bill Riesen. With only 25 players on the squad almost everybody has "two or three positions," Jones said. (Post-Times photo)

WASHER STOLEN

Henry Grambergu, San Carlos builder, reported to Daly City police last week that a dish washer had been stolen from a storage garage at 776 Hillside boulevard.

Westmoor Loses to Crusaders

The Westmoor High school Rams, who made a fine start in the prep football wars against Aragon, faced a sterner test in the Riordan Crusaders Friday night at Kezar stadium—and the Rams flunked it.

Riordan, one of the top contenders in the Catholic Athletic league this season racked up 233 yards on the ground to overrun the Rams, 26-7.

Westmoor's sole touchdown came in the third quarter on a pass from Bruce Hix to end Marc Mallinger. Dave Mahoney ran the PAT.

Westmoor will attempt to get back on the winning track Friday when the Rams host unbeaten Burlingame in a 3 p.m. no ngam. game.

Oceana Downs Half Moon Bay

By MILT STAUB

The Argonauts could not have found the golden fleece more elusive than Ocean High school's first football victory. Set down nine times without a miss last season, the Sharks are winless no longer. A pair of lightning thrusts sent Jess Jones' charges home Friday with a dazzling 14-0 win over Half Moon Bay High school.

Key athlete in this monumental achievement was quarterback Steve McCoy, who picked the Cougars' eye teeth clean with seven out of nine pass completions, including a shocker of 50 yards to halfback Bill Reisen for a touchdown. Another long toss, this to end Bill Whitman for 36 yards and a score, was canceled when the officials located an ineligible receiver downfield.

Following a punting exchange two minutes into the second quarter, Oceans maneuvered the lone fumble recovery of the afternoon on the enemy 40. Tom Summy took a handoff through tackle, vered away from the defenders aand streaked to the goal line. Summy's kick for the PAT was wide.

There were but 30 seconds remaining in the game when the lithe McCoy spotted Reisen downfield and hit him with the clincher. McCoy ran the conversion over.

How to make a '54 look like a '64.

Paint it.

See? It looks like next year's model.

And next year's model looks like last year's model. And so it goes.

VWs always look the same because VW only changes the car to make it work better, not to make it look different.

So the people who bought '63 VWs aren't nervous about what the '64s will look like. (And neither is Volkswagen.)

Volkswagen has made over 5 million cars, and they've made lots of changes.

Not enough to make you run out and buy a new car every year.

But enough to notice the difference when you do. (14 changes for '64 alone.)

In the meantime, no matter what year VW you own, you can always get parts easily; many of them are interchangeable from one year to the next.

So if you want to, you can keep your old VW running forever.

Just spray it every few years.

Old paint rides again.

Serra Bowl

THE SEA BOWL is right in step with the fall fashion colors. The interior is being changed from salmon to soft shades of green. It is also very therapeutic for the bowler when the ball isn't behaving as it should. Just sit back and think green!

It's time once again for the bowling victory legion tournament for members of the W.I.B.C. As many of you know (who have bowled in this in years past) all funds go to the veterans hospital of your choice.

The tournament will run from October 20 to November 23. League secretaries will be furnished with all of the information to pass on to their girls.

League scores: 870 Sea Bowl Classic: **Don Alvis** high series and game 232-619. Belles & Beaus: **Dick Janson**, high series and game, 222-580. Ladies Scratch: **Connie Bryant**, high game and series of 211-550. Alleyholics: **Thelma Corcorran**, high game and series, 192-495.

Federated Women: **Fran Lawrence** led the way with a turkey in the first game and also took high game and series of 175-454. Kings and Queens: **Kelley Ellefson**, high game and series of 255-611. Tavern: **Bert Jones** and **Don Zarnoch** were neck and neck for high series with 573. **Mike Champmall** took high game 236. Ball and Chain: On the sweeps last Monday night, the Gilbrides team took first place. **Barbara Gilbride** started with a 180 and ended up with a 605 series for four games. **Fred Smith** came in second place with a 573 for four games.

★ ★ ★

Glamour Grammy's: **Maxine Hill** was the fairest of them all when she bowled both high game and series for the night with a 167-437. **Irene Landau** was the turkey girl for the evening. Moonshiners: High game of 175, **Nan Palesi**. High series, **Marie Von Glahn** 167-419. Neptunes Daughters: High individual games were tied by **Maria Huratdo**, 190, and **Lois Talbot**, 190.

Westlake Bowl

AS THE A-1 Nursery Invitational league started the Tuesday morning activities for the 1963-64 season, **Rose Intaschi** took high series honors with 489 while **Katie Flanagan's** 190 game gave her top honors in that department. Split converters were **Maxine Sweat**, the 6-7, **Roslyn Kap**, the 5-8-10, **Pat Garcia**, the 5-10, **Flo Dillon**, the 5-10, and **Mary Adams**, the 3-10 twice.

For many of the Westlake bowlers who have never bowled in league competition, Primo announces a Beginners' Mixed league on Wednesdays at 6:15 p.m. The meeting will be held at 6:30 p.m. October 16 and both men and women are welcome. The league will provide an opportunity for beginning bowlers to establish an average and be included in next year's Blue Book.

Fred Von Husen led the way in the Blue Monday Scratch league as he rolled a big 224 game and 642 series. In the same league, **Bill Evans** also shot a 224 game with a 619 series. **Gloria Cassinerio** led the sixteen team Ladies Starliters league as she rolled a 189 game and 475 series.

Our condolences to the family of **Walter Park** of the Ball and Chain Mixed Fives league who passed away during the week.

Sea Bowl

MANY FALL leagues are now in full swing at Serra and our bowlers' enthusiasm for a new season of competition can easily be measured by the raft of high scores being rolled every night of play.

DUANE ENDERSON, bowling for United California Bank in league action, tallied a tremendous 236-627 set to lead his boys in a 3-0 sweep over Crocker Anglo 3 last Thursday night.

After a shaky 138 opener **Don Coats** opened the throttle wide and blasted a towering 230 to 224 to lead all the scoring in the Belles and Beaus loop with a fine 592 total. Cheers for **Shirley Bradford** are also in order for her 199-514 efforts the same night.

Russ Miramontes paced his Team 6 to a 2-1 decision over Team 8 in Gigolos league play with a sturdy 226-587 tally.

In the big 16 team Automotive loop league, secretary **Barney Crosby** was last week's high roller with a tidy 230-592 trio as he led the Harris Brothers team to a 2-1 win over the Ellis Brooks bunch.

In the PORTOLA DADS league the Cattlemen rolled over the Western Tire team for a 3-0 sweep led by the able shooting of **Jay Belarde** who amassed a 574 total on a 237 high game.

IN PARKMERCED league play, the best individual show of the week was turned in by **Pete Casias** who led his A.B.C. Drapery company five to a 4-0 victory over the Shell Gassers on a 225-576 series.

Don Reddicks, 167 averager, really turned on the steam in B & G Mixed league action to tally 220-615 and grab both high game and high series honors in a single blow.

WARRIORS HUSTLE

SSF Upsets SM Bearcats

By GARRY NIVER

The veracity of the statement "hustle pays off" was realized to the fullest extent of its meaning by the South San Francisco High school Warriors Friday night.

Alhough the statement only had 13 letters, it added up to 21 on the scoreboard for the Warriors —one more than the San Mateo Bearcats—giving the North Peninsula league team a 21-20 upset over the Bearcats.

A determined come-from behind rally saw the Warriors inch their way back from a 20-0 deficit and rally for the single point win.

It was the talented toe of Sam Pretari, which for the third straight time, sent the ball over the uprights with 8:30 left in the game and gave the Warriors the final go-ahead point.

"It was really a great win," a jubilant Warrior coach Ray DeJong shouted. "What made it even more satisfying, was that we fought from behind," the veteran mentor added.

San Mateo coach Yale Rohlff said that the Warriors deserved to win.

"They plain out-hustled us in the second half," he replied. He refused to use the second quarter injury of halfback Bob Pollack as an excuse.

"We lost, but not because of Pollack. We were out-hustled," he reiterated. Pollack had gained 94 yards and scored all three touchdowns up until the time he was injured.

It was the second half defense of the Warriors and the gutty little halfbacks which slammed the big line time and again which resulted in the victory.

The Bearcats struck swiftly in the first period after recovering a fumble on the S.S.F. 28. Pollack wiggled in from three yards out for the six points. It was here that the crucial conversion was missed.

About four minutes later the San Mateans roared again.

Defensive tackle Woody Moyahan grabbed a batted S.S.F pass out of the air on the S.S.F 43 yard line and rambled down to the 10-yard line.

It took Pollack just one play to sweep end and score. Fred Garrett converted to make it 13-0, San Mateo.

The Bearcats again got the football deep in S.S.F. territory following a bad punt.

Pollack tried a pass from the 29-yard line and then, on the next play, galloped the 29 yards around left end and through two S.S.F. defenders for the score. Garrett converted, making it 20-0.

The Warriors made their first visit to the goal with just 13 seconds elft int he half when Curry, who was also the outstanding defensive player of the game, snagged a Rich Cervelli pass and fought his way n for a 20-yard TD play. Pretari made the first of his historic conversions.

An intercepted pass by Bob Baptista set up the second score, with Art Gutierrez hitting off tackle from five yards out for the score.

With their rising spirts, and behind the quick charges of halfbacks Greg Jones and Gutierrez, the Warriors moved into the end zone from 28 yards out in the final period for the deciding score. Steve Sanguinetti leaped over a pile of defenders from one yard out for the typing score. Pretari then added the clincher.

Jefferson Is Routed By Trojans

Jefferson High school, victimized by the "big play," was still looking for its first football victory of the season today.

The Indians, who dropped their opener to Terra Linda High school, were smothered, 32-0, by Ravenswood High school in a loosely played game in Daly City Friday.

The Trojans cashed in on a 90-yard punt return, a 42-yard fumble play and a 50-yard pass interception for three of its five touchdowns.

Three other Trojan touchdowns were nullified by penalities, and Ravenswood lost the ball twice on fumbles. Jefferson lost it three times on fumbles.

Ravenswood got off to a flying start after stopping the Indians in the initial series of downs.

On the Jefferson punt, Dwwight Truner dropped the ball. From out of nowhere, Melvin Easley, who proved to be Johnny-on-the spot all day, appeared, and the fleet halfback dashed 90 yards for a touchdown.

In the second quarter the Trojans moved 53 yards in seven plays for their second score. The drive was capped when Dwight Turner punched over from the one.

Colts Lose to Castlemont

The El Camino High school Colts should never have left the paddock Friday.

The fledgling North County gridders traveled to Oakland for a game with highly regarded Castlemont.

And after an afternoon of nothing but tribulation, the Colts had little more than a 20-0 defeat to think about on their long ride home.

The frustrated Colts never could find the right combination that would put them in the scoring column, although they did make a good try in the final quarter.

But despite the running of John LaSota, Walt Harris, and Ron Reinig, the drive bogged down at the Castlemont eight-yard line.

IN BYLAWS

Pacifica Council Rejects Move to Require Clauses

A proposal by Councilman Harland Minshew that the city order all organizations at least partially financed by the city to include non-discrimination clauses in ther bylaws was defeated by Pacifica city councilmen last week.

Actually, the proposal failed to pass by a two to two draw vote in the absence of Councilman Fred Ballew.

Minshew's motion was directed at the chamber of commerce, the only organization partially financially supported by the city.

Councilman George Mason maintained that the proposal might create controversy where none exists. He was backed in his opposition vote by Councilwoman Jean Fassler.

The council received a complaint from Roger L. Dickinson, local real estate man, that a board of realtors-endorsed ordinance to eliminate all real estate signs is directed by larger brokers against small operators.

The proposal has been criticized by civil rights leaders as a measure that would allow real estate brokers to keep members of minority groups from looking at homes.

City Attorney Conrad Reisch presented a draft of the proposed ordinance to the council last night after reporting he had conferred with other cities with similar laws.

The suggested law was referred to the League of California Cities for recommendation.

The council also moved to secure the interim widening of Cabrillo highway through the southern end of the city to four lanes, near the beginning of the year.

Members passed two resolutions agreeing to secure a piece of property on a hillside cut south of Rockaway Beach for highway right of way.

Earlier, the state division of highways, which is now constructing a freeway through the northern part of the city, agreed to widen the highway if the city would acquire the needed property through the cut.

The state already has sufficient land to widen the highway through the rest of the city.

Although Mayor Harold Feyge was able to obtain permission of five out of six property owners allowing the state to use their land until it is eventually purchased for freeway development, last week's action was needed for the remaining parcel.

Continuing its split into two factions, the council confirmed the appointment of two new city commissioners, an action on which they had previously split two to three in executive session.

Feyge named Lloyd Sitts, local building contractor and former chamber of commerce president to the planning commission.

Mrs. Fassler and Ballew had previously opposed the appointment in an executive session on the grounds the post might create a conflict of interest.

Named to the personnel advisory board was Rene Cardinal of 4 Duran court, a runner-up but unsuccessful candidate for the Laguna-Salada school board at the last election.

His appointment had also been opposed by the two council members.

The council was unanimous, however, in its appointment of the Rev. Vernon Alexander, pastor of the Pedro Valley Presbyterian church, to the Welfare Referral board to replace the Rev. William W. Klaver, Jr., pastor of the Holy Cross Lutheran church, who notified the council he is being transferred to Northridge.

In other actions, councilmen:

Announced that they are awaiting a report from a special citizens' study committee on proposed new zoning and sign ordinance after receiving a request from planning commissioners for rapid enactment of both laws.

Named Feyge city representative and Mrs. Fassler as alternate to a county greater highways committee.

Scheduled a meeting for October 18 to decide on a city recommendation on a route for Highway 229.

Agreed to investigate the possibility of an ordinance outlawing the use of barbed wire fences in residential areas after receiving a complaint of such a fence from a local resident.

Re-emphasized support for a fund drive for Mary's Help hospital.

Concurred in a planning commission recommendation that lots at the corner of Carmel avenue and Paseito to be rezoned to permit construction of a store building.

Granted the Millord hot rod club permission to establish repair facilities at the city's disposal plant.

Moved that the Greyhound company be asked to resume bus service to Pedro Point and named former councilman Gerald Schmacher chairman of a study committee to determine if bus service for other areas can be obtained.

Agreed to request a clampdown on dumping of debris on the Christen Dairy ranch road from the county.

Named next year "Medical Self-Help Year," next month "P-TA Enrollment Month," and Friday and Saturday "White Cane Days."

Rejected a $200,000 claim for two motorcyclists killed when their bike struck a cable strung across the old Coast highway.

Agreed to purchase a sludge centrifuge for the disposal plant at a cost of approximateyl $24,000.

Named Gilbert West chairman of a United Nations Day celebration.

PROTESTS LODGED

Planners Grant Geneva Zoning

Commercial zoning for a chain supermarket on Geneva avenue was approved last week by the Daly City planning commission over the protest of several resident.

The action was the first by the planning commission in the newly annexed area of Bayshore City.

The request for the zoning had been made by Primo Repetto of San Francisco. Repetto said one of the top four food chains on the west coast is interested in the property on Geneva avenue between Rio Verde avenue and Calgary streets.

Two petitions against the zoning were presented to the commission.

The first, by several homeowners in the Bayshore area, argued that Calgary street, which would be the main thoroughfare to a parking lot behind the store, is too narrow to handle the traffic generated by a supermarket.

Wayne Liebert of 88 Calgary, who presented the petition, said property in the area would depreciate because of rubbish that would be strewn. Lawns and plants would be trampled, he said.

The other petition, bearing 200 signatures, was presented by Edward Reidy of 146 Wilshire avenue.

Reidy argued that the area should receive thorough study before any zoning action is taken.

He said zoning should not be hurried through before a master zoning plan was decided upon.

Reidy also said noise, confusion, dirt and all-night operation would be detrimental to the surrounding neighborhood.

Repetto's option on the property expires in December.

The commission decided to retain the zoning originally given the property by the county.

The commercial zoning will extend only 93 feet back from Geneva. The parking lot property would remain unclassified and a use permit will have to be obtained from the city council, which will act on the commercial zoning also.

The planning commission recommended that Calgary street be widened to 42 feet and improved up to the parking lot.

The zoning will be discussed at a City Council meeting October 14.

In other action, the commission held over a request for a use permit by Percy Williams and Robert Nizuk of 6630 Mission street to construct apartments in a commercial zone at 6644 Mission.

City Engineer William Chapman said that although one space for one apartment parking is in the plans, two of the spaces would be difficult to use. The probable result, he said, would be parking in the streets.

The commission granted Samuel Leonetti of 143 Oakridge drive, a permit to build an accessory buidling to house pool equipment, locker room and toilet.

Leonetti said the neighbor close enough to him to be concerned had no objection to the building.

Daly City Boy Struck by Car

A five-year-old Daly City boy suffered a bruised forehead and left arm about 9:15 Monday morning when he was struck by an auto in front of 169 Westlake avenue.

The boy, Dale Carpenter of 246 Miriam street, was treated at Children's hospital in San Francisco and released.

The driver of the auto, Jesse J. Goodin, 46, of 130 Escanyo drive, South San Francisco, told Daly City police the boy had darted in front of his auto.

Rams Tie Lincoln Harriers

Westmoor's hustling harriers, running after only three days of practice, proved tough as they tied Lincoln High school, 28-28, in varsity competition at Golden Gate park last week.

Junior Bob Beukers led the Rams with his second place time of 10:27 over a 1.95 mile course. Joe Singer of Lincoln placed first with a good time of 9:51.

Senior, Dennis Tracy grabbed fourth position with a clocking of 11:00.

Making up the rest of the Ram "money men squad" were veterans, Milo Torres and Ed Raymond, picking up sixth and seventh spots with times of 11:09 and 11:11.

Bob Arriola completed the scoring by his ninth placing. Lincoln took third, fifth, eighth, and eleventh places for the tie.

Jayvee and Soph-Frosh races were held together. The Rams came home victorious with a 26-31 scoring.

Herb Decker and Stan Nelson ran together to take second and third with times of 11:46 and 11:51 over the same 1.95 mile course.

Westmoor men also grabbed fifth, Ray Simoavich; seventh, Bruce Herald, and ninth, Stan Green.

Coach George Simon was pleased with the team's performance as he remarked:

"Considering the three days of practice, the team showed a tremendous spirit, drive, and desire to win. Everyone ran all-out—an unusual occurence at this early time ofthe season."

Cow Palace Area to Get More Lights

Some light was shed last week by Daly City Manager Edward Frank on the subject of what to do about traffic congestion around the Cow Palace.

Frank said the lights around Cow Palace entrances and exits would be brightened to aid traffic control during events at the big sports and convention center.

The added lights, along with four traffic regulations passed by the city council last week, are expected to ease traffic problems.

The California Highway Patrol recently turned down a request by the city to come back to the Cow Palace and help with traffic supervision during special events.

CHP Capt. John W. Kennedy said his force, which handled traffic chores at the Cow Palace for 14 years, would not be able to lend a hand. The patrol, a state agency, cannot go in and enforce local traffic ordinances, he said.

The traffic regulations provide for lane changes and turn islands at the intersections of Geneva and Schwerin avenues and Geneva avenue and Bayshore boulevard.

A no parking zone along the south side of Geneva avenue will give motorists another traffic lane for easier entrance and exit to the Cow Palace.

Added police reserves will be used to help direct traffic when special events are expected to draw larger-than-usual crowds, he said.

S.S. F. Cagers Split Games

The lightweight cagers of San Mateo High school divided a pair of games with South San Francisco last week.

The Warriors scored a 31-23 victory in the Class C contest, while the Bearcats rebounded for a 37-29 Class D victory. Bryan Swann, Mike Scorstead and Frank Yam each scored 10 points in that game for San Mateo.

JESD Files Appeal Over White Street

The Jefferson Elementary school district has filed an appeal with the District Court of Appeals against a decision denying the district's motion for a new trial in the White street extension case.

In June of this year after a two-day trial, Superior Court Judge Edmund Scott granted San Mateo county permission to extend White street in Daly City.

The extension would run through school district property between the Benjamin Franklin and Garden Village schools.

The district had opposed the extension, claiming that the land had been used as a playground and that this use had priority over a street.

Trustees of the district were informed of the filing of the appeal at their last meeting.

In other action, the board decided to table the award of a $1000 bid for a rug to be installed in a classroom used by a special hard of hearing class.

District Superintendent Richard L. Foster had recommended the rug as a means of reducing noise in the room.

Trustee Donald R. Calvert reported that installation of such a rug in a similar classroom in Marin county had helped reduce noise significantly.

Trustee O. Wayne Douglas complained the district should not spend $1000 for a rug until it had received professional advice on ways of reducing sound in the classroom.

In the end, the board tabled the bid and decided to ask the Stanford Research Institute to send a team to survey the room for noise.

The board was informed that the sale of its former headquarters at 123 Knowles avenue wasn't attracting any buyers.

Foster reported that no bids had been received on the property. The board is seeking $15,500.

The board directed Foster to have "for sale" signs placed on the building for a month and that if no offer is received in that time to have the property listed with brokers.

Bicyclist Is Hurt in Fall

Steven F. Clarfield, 9, of 248 Belhaven drive, Daly City, suffered a bruised head about 4:40 Monday afternoon when he fell from his bicycle on Del Prado drive in Daly City.

He was given emergency treatment at Kaiser Foundation hospital in South San Francisco and then transferred to Mt. Zion hospital in San Francisco.

Indians Drop Harrier Meet

The Jefferson Indians were beaten in all three divisions of a cross-country meet with Hillsdale High school.

Nancy Levels New Charges

A new batch of charges brought by Nancy Jewell Cross, county government's most persistent and most effective critic, was submitted to the board of supervisors last week.

"I respectfully request," Miss Cross wrote the board, "that you act to recover to the county treasury from yourselves individually, or other persons as appropriate, the following disbursals which I find contrary to law."

She then listed four items, including $2500 contributed to the cost of dedicating the new south terminal at International airport, $20,000 for printing the engineering report on the city-county road plan, $107 for a legal advertisement in a Redwood City paper, and $2000 paid to Wilsey, Ham and Blair for a sewerage study.

The board asked District Attorney Keith C. Sorenson to investigate the charges and report back.

Youths Take Girl's Purse

Five youths, apparently seeking tickets to a Cow Palace event, snatched a purse from a 14-year-old San Francisco girl Friday night outside the huge arena.

The girl, Jacquelyn R. Hamilton, told Daly City police her purse contained tickets to a Cow Palace show and miscellaneous papers.

She described the youths as about 16 years old. The incident occurred about 8:15 p.m.

DC Lions Set Drive

The Daly City-Colma Lion's club will hold its annual White Cane Days Friday and Saturday.

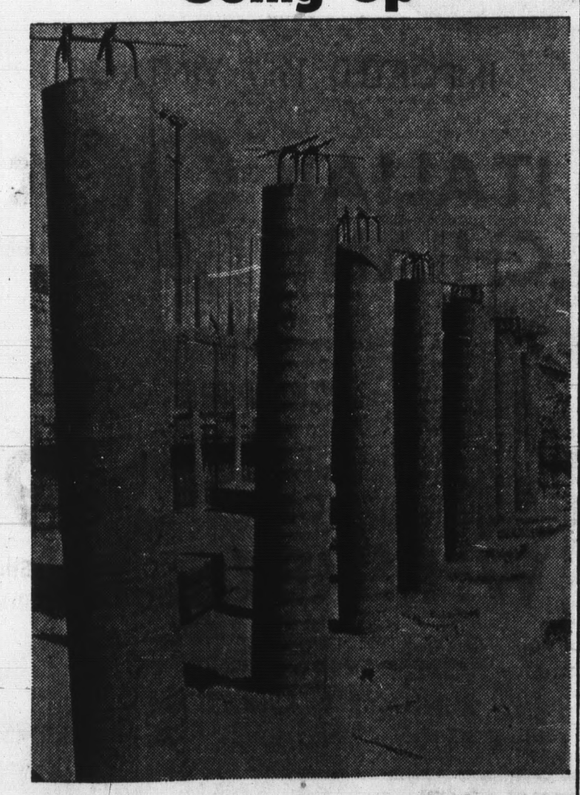
Members of the Lion's club will be at several locations throughout the city to collect donations for the Lion's Eye Foundation for Children.

The foundation provides assistance to needy persons for such things as glasses and artificial eyes.

Last year the local Lion's club raised more than $700 in its two-day drive.

Donations may be mailed into Lion's Eye Foundation, 6364 Mission street, Daly City.

Going Up



GOING UP—These off-center pillars don't look here as if they'll support Daly City's new post office building now being erected at 1100 Sullivan avenue between 38th and 39th streets. But after the steel reinforcemnt inside them is straightened and concrete is poured, they'll be ready. The concrete building will be the city's largest post office and will supersede main headquarters now located at 31 Bepler street. (Post-Times Photo)

Sugar 'n' Spice

By Nell Norton

ISN'T THE weather just delightful? The stores are probably having a run on bags of charcoal, what with everyone making the best use of these warm afternoons and evenings by having meals outside. Since it's a good idea to prepare ahead when you cookout, this combination salad fits right into the warm weather mood. Even if you aren't eating outside, give it a try, it's so good.

Before I start this recipe I must pass on a household tip that works like a charm. Do you peel tomatoes by immersing them in hot water or holding them over heat until the skins pop? Me too—but no more. Try this method: using the dull edge of your knife, rub it over the tomato as though you were peeling it. (What you really are doing is loosening the skin). Then just stick the point of the knife into the bottom of the tomato and peel the skin right off. Leaving you with a chilled tomato that's ready to serve instead of the slightly warmed variety you'd get with the other methods.

TOMATO VEGETABLE SALAD

6 tomatoes
1 pkg. frozen mixed vegetables
1-3 cup olive oil
1-3 cup vinegar
1 teas. brown sugar
1 teas. chopped green onions
2 Tbsp. chopped green peppers
salt and pepper

Cook, but don't overcook the vegetables, drain and mix with all the ingredients except the tomatoes and chill.

Peel the tomatoes, quarter them, but don't cut clear through, you want them to cup the vegetables. Place on lettuce and fill the centers with the vegetables and their dressing.

☆ ☆ ☆

THIS saves wear and tear in another department too. You don't have to yell at the children to "eat your vegetables AND eat your salad!" You simply have to yell "eat your salad!" A two in one deal.

Along with this salad, how about this recipe for barbecued chicken? It will cook outside or inside equally well. And we must all face the fact that this weather might change suddenly and we'll be glad to be eating in our warm houses.

LEMON BARBECUED CHICKEN
(Four Servings)

2 broiler-fryers (2½ to 3 pounds each)
1 cup salad oil
½ cup fresh lemon juice
1 tbsp. salt
1 teaspoon paprika
2 teaspoons onion powder
2 teaspoons sweet basil, crushed
½ teaspoon thyme, crushed
½ teaspoon garlic powder

Split chickens; clean well. To serve six, cut into smaller pieces. Place in a shallow glass pan. Combine remaining ingredients in a pint jar; shake well to blend. Pour over chicken pieces; cover tightly and marinate 6 to 8 hours, or overnight, turning chicken occasionally. Remove to room temperature about 1 hour before cooking. Place chicken on grill, skin side up; brush often with marinade. Cook for 20 to 25 minutes. Turn chicken and repeat brushing until chicken is golden brown and cooked through. About 20 minutes longer.

For indoor cooking place chicken about 8 inches from broiler heat and broil in oven.

☆ ☆ ☆

FINALLY I want to pass on to you good cooks a recipe that is a treasure of mine. I first tasted this cake at the home of Mrs. William Reston, 1945 Green St., San Francisco, and she was kind enough to give me the recipe. Mrs. Reston is a charming little southern lady of 96 summers and this recipe had been a favorite in her family.

BROWN STONE FRONT CAKE

Three-fourths cup ground choclate (scant)
½ cup sweet milk
2-3 cup brown sugar
1 egg yolk

Beat all together. Soft boil until like custard. Set to cool. This is the cream.

1 cup brown sugar
½ cup butter
½ cup sweet milk
2 eggs
2 cups sifted flour

Cream butter and sugar. Beat eggs and add to creamed mixture. Add sifted flour and milk, alternately. After cake is mixed, stir in above cream. Then add one level teaspoon soda, mixed with a little warm water. Fold into mixture. Bake 350 degree oven for 30 to 40 minutes in a greased and floured square pan, 9 by 9 inches.

FROSTING

1 cup powdered sugar
3 tbsp. butter
1 teas. vanilla

☆ ☆ ☆

THIS CAKE is served in this manner; cut cake into squares and arrange on a large cake dish. Pour the frosting over the squares. The cake soaks up the frosting and you have a square of the richest, most chocolately cake you ever ate.

Women of the community are cordially invited to attend, according to chairman Mrs. Stan Jones.

Tickets are $1.25 each and may be obtained by calling Mrs. Jones at PL 5-2562 or Mrs. John Watson, PL 6-2611.

Members in Coast P-TAs Are Sought

The annual membership drive by 11 Pacifica P-TA units got underway last week with membership committees aiming for a goal of 3000 persons, according to Mrs. Violet Cook, publicity chairman.

The drive, which commenced with a proclamation by Pacifica's mayor, Harold Feyge naming October as P-TA enrollment month, will be conducted on an individual school basis, Mrs. Cook said.

Mr. and Mrs. Darrell Moore will be in charge of the family membership drive being conducted by the Vallemar unit.

The Pacific Height's school P-TA executive board will direct a door to door campaign. The Sharp Park school is planning a citizenship award night program to interest the community in P-TA affairs, Mrs. Cook said.

According to a report on Pacifica P-TA planning made by Mrs. Cook, the Oceana High school unit, under the presidency of Mrs. Minnie Mirabelli, will try to provide funds for scholarships and to host a graduation party for the senior class by pushing for 100 per cent membership and by holding an auction.

A Saturday movie program for children in the Sanchez elementary school district is a project being undertaken by Mrs. Martin Sambrailo and members of the Sanchez school unit of the P-TA.

The Pacific Manor unit will try for total membership among parents and will hold a rummage sale to aid a fund-raising drive in the school, according to a plan announced by Mrs. Harry Brown, president.

Each family in Westview will be contacted by a P-TA volunteer, working under the leadership of Mrs. Rodney Dailey, and will be briefed on the plans and aims of the Westview school.

Mrs. Allen West, president of the Westview unit, has explained that a second call will be made to every home where some interest in P-TA activities has been indicated.

"We want people to know that P-TA membership is not limited to parents and teachers," Mrs. Cook explained. "It is open to anyone who is interested in the welfare of children and youth. Parents of school children (with the exception of those living in the Westview and Pacific Heights districts) will be contacted through the school.

"Others interested, but without children in school, may call Mrs. Lee Darnell, chairman of the local P-TA coordinating committee at 359-2243 for information concerning the P-TA unit closest to them," she said.

Church Group Plans Columbus Dinner Dance

Mater Dolorosa's own Chef Vince Romulo will head the culinary artists for the Columbus Day dinner-dance to be held October 12 at the South San Francisco Rod and Gun club.

Chef Romulo (also of New Joe's restaurant) has helped the parish build a reputation for excellent food at all of its dinners, and this time has decided on a smorgasbord consisting of hot paste, sliced turkey, beef, ham, fresh fruit salad soaked in brandy, and assorted relishes and delicacies.

Hot hors d'oeuvres will be featured during the cocktail hour from 6:30 to 7:30 p.m. and dinner will be served from 7:30 to 9 p.m.

Tony Cavallero will lead the music for dancing until one.

Only 300 dinner tickets will be sold. Those planning to attend are urged to make reservations early by calling Ed McNab, JU 9-1592, or Mrs. John Artim, 761-2593. The price for dinner and dancing is $2.50 per person, and for dancing only, $2.50 per couple.

BUSY LADIES during these beautiful fall days are **Mrs. Jim Jiminez** and **Mrs. Stanley Bacon,** chairman and co-chairman of the Abraham Lincoln Halloween Carnival to be presented by the P-TA in the school's multi-use room Friday, October 25.

According to Mrs. Jiminez, who admits readily that no one knows how much work there is involved in presenting a fund-raising affair of this type until he is faced with the task of organizing one, this year's carnival will be even more elaborate than those of past years.

"We are expanding all sections of the carnival," she explained, "and for the first time it will be so large we will have to make use of some of the classrooms for such things as our cake walk, the wild animal throw and the goldfish."

The carnival will be held during the evening hours beginning at 6 and running to 9 and the entire evening will be carefully planned to provide something of interest to every age group, Mrs. Jiminez reports.

"We will be selling hot dogs, pizza, coke, coffee and hot donuts, so people can even have dinner while they enjoy the shooting gallery, the various games and the grab bag and the make-up booth for the youngsters," Mrs. Jiminez said.

Sure to delight everyone at this event are festive decorations in the autumn and halloween motif and a charming and thoroughly delightful clown known affectionately as Mr. Ragamuffin!

AMONG THOSE members of the Holy Angels Women's Guild who attended the annual retreat to Vallambrosa this past weekend were **Mrs. Jean Cain,** guild president, and **Mrs. Betty Camous, Mrs. Shirley Dillion, Mrs. Myrtle Hoppi** and **Mrs. Flo Phieman.**

This was the first retreat by the guild since the new buildings at Vallambrosa have been completed and the ladies' report on the new facilities will undoubtedly be of interest to everyone attending the regular meeting of the Guild tomorrow evening.

The Rosary will be the theme of the evening, according to **Mrs. Steven Lombardi,** publicity chairman, and two special events are planned. **Dr. Paul Farizer** will lecture on birth control and menopause.

Some light-hearted fun is guaranteed during a most unusual apron contest. "We have asked everyone to bring an apron of any type to the meeting and there is going to be a contest to see which is the most unusual or original. After the contest, the aprons will be used to stock our homemaking booth at the Parish Festival to be held October 17, 18, 19 and 20 in the Holy Angels Parishh all," Mrs. Lombardi explained.

Vista Mar is cooperating with Westmoor High school in promoting a program for "Future Teachers of America."

Counsellor for the program, Evans Maionchi, contacted Vista Mar principal, Marjorie Tobias, in order to plan for an orientation of those interested high school students who plan to enter the teaching profession.

During the orientation students were given insight into the significant and important "parent" role played by the teacher in terms of developing social, as well as academic growth, the importance of security and success at the classroom level, and the various responsibilities of the classroom teacher.

The high school students will be spending about an hour a day in classrooms assisting teachers in non-academic tasks, namely, assisting at physical education, preparing duplicator masters, typing, and various other household and clerical duties involved in the teacher role.

Initial contact to initiate the program was made by Westmoor Vice Principal Mr. Thomas Panagoulais.

Teenager Asks . . .

By JOE BAVARESCO

Because of the fantastic increase in the sport of surfing, especially in the teen-age set, the mail has been coming in regarding teen-agers surfing and hanging around beaches day and night.

Parents have written in telling of the trouble they are having keeping their teen-agers at home. I can't, for the life of me, wonder why any parent would want his teen-ager to sit at home all day.

The kids write in saying it's great and the parents think it's terrible. So I decided to go to the scene of the "crime." I spent four hours at Jack O'Neil's Surf Shop on the Great Highway in San Francisco.

I was pleasantly surprised to meet some of the greatest kids I've yet to meet. Not only were they well mannered but co-operative. So I asked questions about the sport and their opinion of it.

Jack O'Neil, owner and operator: "For older people, it keeps them in good physical condition. A few bad kids make it bad for all surfers. Surfers are not beach bums. Rather, you'll find school teachers and doctors—anyone interested in physical fitness.

"Much like skin diving, in surfing you must have proper instruction. The danger and accidents occur 99 per cent of the time to the uninstructed. A wet suit should be worn. It looks a great deal like a skin diver's jacket.

Here are the kids' comments:

Tom Hannon, 14: "It's a ball, a real thrill. My parents worry but as long as I'm in a group and take the proper precautions, they know I'll be ok. I would rather have a surf board than a car. It's a lot more fun and a lot safer."

Carl Rixon, 15: "I've been surfing for two years, about every other day. I have a paper route and I saved my money to buy my board. My parents bought my first one. They think it's a great sport and healthy too."

Dan Foley: "The only bad part is the so-called surfer who sits on the beach, never goes in the water and drinks beer, causes trouble and spoils it for everybody else.

"I belong to the North Coast Surfers association and we have organized life saving classes, contests and organized surfing trips.

"My parents paid for my board and they like me to be in the fresh air and exercise."

Mark Navratil: "I think it's really exciting to come riding the surf, you can go places and meet people you wouldn't meet otherwise.

"I've made a lot of new friends and traveled with sponsored groups. It's an individual sport, unlike football or baseball, where you wait for somebody to do something.

"My parents approve of surfing and feel it's no more dangerous than riding in a car."

Steve Milam, 17: "I've been surfing for one year and it's the greatest. It's the most challenging sport I have ever played and I play football and wrestle.

"I go to Westmoor and my parents say if I keep my grades up at the B and C level, I can keep surfing. So I keep my grades up.

"I bring the kids I surf with home and my parents think they are great."

Steve Zarate and Dave Aarate, 16 and 17 years old, champion surfers: "It's a challenge, every wave is different. What you're doing is challenging the ocean. Once you go into the water, the average stay is five hours.

"We both own our own board. Some kids borrow someone else's but that's not a good idea.

"We get a bad reputation because of some guys who call themselves surfers, but aren't. If you're a surfer, you spend 90 per cent of your time in the water. So how can you get into trouble?

"Our parents love the sport and are proud of us, especially when we win contests. They really take an interest in it.

"It's not an expensive sport, once you get your board. The most important step is proper instruction in the beginning."

It was interesting to note that these guys all had grades of A, B or C in school. They are clean-cut and therefore their parents have a lot to be proud of.

So if your teen-ager says he's going surfing, take an interest. Don't let a few beach bums spoil the reputation of a group of guys who truly love and enjoy one of America's newest and healthiest sports.

Teen-agers: If you have a problem or topic you'd like me to discuss, you may write me, Joe Bavaresco, in care of this newspaper.

Recreation Is Said Key For Coast

Pacifica's future lies in developing its potential in commercial recreation, a former fish and game warden has told members of the park, beach and recreation commission.

Al Gilfillan, a Pacific Manor resident and a reserve game warden for seven years, told commissioners that a good fishing pier and landing ramp for boats would draw many people to the city and in the end pay for themselves.

Invited by commissioners to explain his views, Gilfillan said the city should first get the facilities and then build up its reputation.

Outside investors should be sought to help develop the area, he explained.

Pacifica — with its terrific salmon runs, its cod and bass — is an ideal spot for fishermen, Gilfillan declared.

A pier and boat ramp, charging a nominal fee, would pay for itself and for cleaning and keeping up the beach area for picnickers, he declared.

He also suggested that Pedro creek be developed as a fishing spot for youngsters.

There would have to be access to the creek, possibly a park site, he said, and the assistance of the state fish and game commission might be sought to keep the creek stocked.

Westmoor Whirl

By SHEILA STAVISH

ANY ILLUSIONS that dances are to be set in a dreamy atmosphere of soft lights, sweet music, and rustling gowns are sure to be dispelled by the traditional "Ramrock." Sneakered, socked, or shoeless, Westmoorites will troop into the boys' gym Friday night for the first dance of the year.

Glaring stadium lights and the inelegant foot apparel will create a rather unromantic mood. Adding to the unenchanting setting will be such tender tunes as "Surfer Joe," "Little Duce Coupe," and "I'm Busted"—but the dance will be one of the most popular. It's free with the purchase of a student body card.

Audible groans emitting from French instructor **John Milton's** fourth-year class were because of the mention of the formidable verb synopses. Each day, students have the task of conjugating a different verb in its mere 16 tenses, four infinitives and four participles.

Present subjunctive, and pluperfect subjunctive can be perfectly perplexing.

Journalism teacher **Mrs. Doris Lindfors,** a vigorous anti-cliche crusader, may have been tempted to utter, "What a small world!" when faced with the uncanny coincidence of meeting former Westmoor foreign exchange student **Helena Fiselle** while both were touring the United Nations building in New York this summer.

Mrs. Lindfors was vacationing, and Helena, preparing to return to her home in Stockholm, Sweden, was getting her last view of the United States.

DUTY-BOUND at lunchtime (and enjoying it hugely), the 32 members of the sergeant-at-arms force patrol the halls and keep students from disturbing those in class. Formidable behind tin green and white badges, they gleefully assert authority in allowing no one to enter the corridors. Exceptions are made for those bearing passes or teaching credentials.

Pleading trips to the library, book store or restroom, students will be admitted only after rigorous questioning. Overzealous student police have at times taken even fellow sergeants-at-arms for intruders and ordered them outside.

Mathematically manipulating millimeters, milligrams, and milliliters in an attempt to learn the metric system, a few of **Ann Golden's** chemistry students found themselves in a muddle. Asked the result he had for a problem, a flurried football player replied, "A headache!"

Rehearsing smiles or sophisticated sneers, lacquering locks, and curling lashes, female Westmoorites lavishly primped in preparation for identification photos last Thursday. Unlike thev vainer sex, the boys were satisfied to spend a scant 10 minutes combing hair. The pictures, which will appear in the yearbook, will be distributed next month to those who purchased them.

Terra Nova Topics

By MARTY COIL

TWO WEEKS ago we entered Terra Nova to discover a school that was going to change physically as a result of new building additions.

The construction now going on has made many changes in the habits of Terra Nova students. We have been detoured, re-routed and moved to different spots on the map for the past two weeks.

Because of the detours, we've had to suffer through such minor inconveniences as not having time to talk to friends between classes. But the detours are making runners out of people who have never ran before.

Terra Nova students as a whole, though, are taking the "barricades" good-naturedly, and not too many problems have developed—at least none which can't be termed "minor."

We are into our third year at Terra Nova and finally have a real main road. The old dirt road, which we used for two years is almost gone and is being replaced by a new one which has no bridges to collapse. It's also smoother riding to school in the mornings.

★ ★ ★

OTHER CHANGES also have occurred. We have a new track and a complete new sprinkling system. The sprinkling system has caused some problems, though. During a recent football practice, the system turned itself on, getting head coach **Gene McKamey** and some of his players wet.

But none of this activity has dimmed our academic brilliance, it seems. **Sandra Shade,** a senior, has become the second student at Terra Nova this year to become a semi-finalist in the National Merit Award competition. This is a pretty good accomplishment for a school the size of Terra Nova.

So, you see, problems have a way of ironing themselves out, and, come to think of it, they really aren't problems at all. The more detours at Terra Nova this year, the more convenient, the more beautiful Terra Nova will be next year.

Pacifica Sets Dance

In an effort to provide an expanded program of activities for Pacifica teen-agers, the park, beach and recreation department will promote Saturday night dances. There will be a teen dance every Saturday night that the school is available during the entire school year.

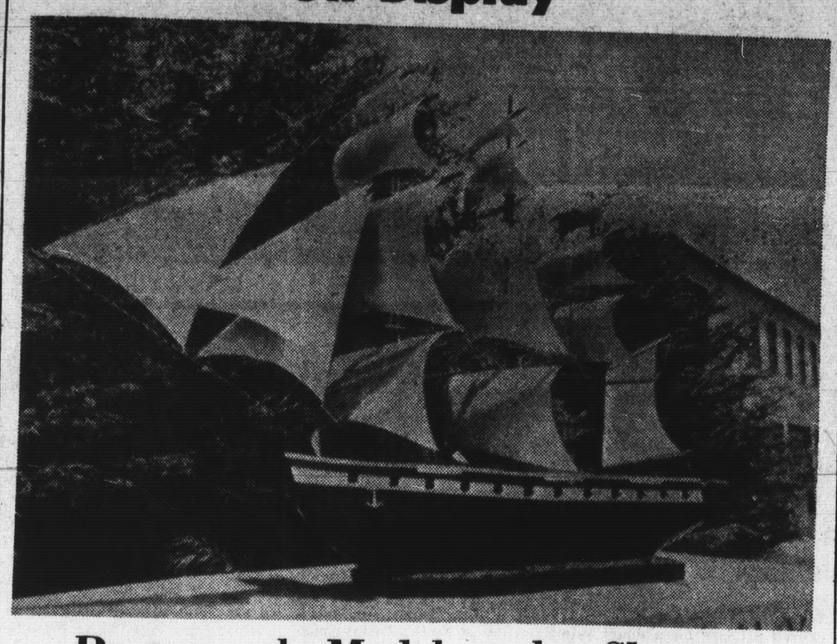
All dances are scheduled for the Pedro Valley school community room. The dance sponsors will, in general, be the Babe Ruth auxiliary the first Saturday of the month, the Mill Lords the second, the Pacifica Teen club the third, the Civil Air patrol the fourth. The Police Explorer post will fill in a few of the weeks.

The recreation department sponsored Pacifica Teen club has other activities scheduled in addition to the dances on the third Saturday of the month. Oddstad recreation center is open as a teen drop-in on Wednesday and Friday evenings, starting at 7:30 p.m.

This informal setting has provisions for dancing, table tennis, shuffelborad and a sneak bar. Teen sports nights are also scheduled during the year.

Pacifica teen club activities are avaiable to members only, and membership cards may be obtained for one dollar per year.

On Display



Portsmouth Model to be Shown

A model of the famed USS Portsmouth (shown above) will be on exhibit in the Westlake Shopping center mall today and tomorrow during a two-day sidewalk sale promotion.

The exhibit will be sponsored by the U.S. Navy Recruiting office at 6705 Mission street in Daly City.

In her time, the Portsmouth was one of the fastest sailing ships afloat. The second ship to be so named, the Portsmouth was built at the Portsmouth, N. H., Navy yard in 1843 as a 20-gun, first-clas sloop of war of 846 tons displacement.

The cost was $170,000. Under the command of J. B. Montgomery, she sailed for the Pacific Coast after launching and arrived in San Francisco June 3, 1846.

During this cruise, war with Mexico had been declared. On July 9, 1846, a detachment of 70 men from the ship landed in San Francisco and hoisted the American flag over what is still called Portsmouth square.

The detachment took possession of the city in the name of the United States.

Teen Clubs Membership Drive Ends

A membership drive for seventh and eighth grade youths living east of Junipero Serra boulevard closes Friday night at the three junior high teen clubs sponsored by the Daly City Recreation department.

These clubs — Casualiers, Imperials and Majestics — meet regularly every first and third Friday evenings from 7 to 9 p.m. at the Colma school multi-use room, War Memorial Community center and Lincoln Park clubhouse, respectively.

Applications for persons wishing to join are available at the Colma Upper school office. Membership fee is 75 cents for the year. A recent picture of the youth must be submitted or taken at teen club prior to a membership card being issued.

A special free roller skating night for all new members of the clubs has been slated for Friday night, October 11, as a climax to each club's membership drive.

Buses will leave the War Memorial Community center at 6 p.m. and return to the club locations at 9 p.m. Cost of the trip will be 40 cents for transportation and insurance with skating and skate rental free.

Eleven Aim For CSF Seal

Life membership in the California Scholarship federation is anticipated by eleven Westmoor High school seniors, six girls and five boys, this year.

To receive this honor, students must earn CSF membership four out of their last six semesters, one of which must occur in the senior year. Qualification for membership is ten semester grade points, with an "A" equal to three points, and a "B" equal to one, with no D's or F's.

Prospective life members include John Cuniberti, Jim Fotenos, Denise Jamin, Lynn Jones, and Linda Long.

Other hopeful students are James Moses, Don Ritzman, Sherry Rosen, Sue Sherman, Diana Stipelkovich, and Ron Swedberg.

Life membership entitles the recipient to a gold seal imprinted on his diploma and high school records. This seal entitles the student to special privileges at college and in the working field.

Leading their respective classes in scholastic ability, 25 sophomores, 13 juniors, and 13 seniors have joined the honor society this fall.

Fotenos Is Semifinalist

Westmoor senior James Fotenos has been named semi-finalist in the 1963-64 Merit Scholarship competition.

He was chosen for his outstanding performance on the National Merit Scholarship qualifying test, which was given in more than 16,500 high schools last March.

To become a finalist, Jim must take a second examination. Awards for the Merit scholars, chosen from the finalist group, are four year scholarships to the college of their choice amounting to a maximum of $6000.

In this last phase of the competition the high school grades, creative accomplishments, leadership qualities, extracurricular activities, and school citizenship will be evaluated along with their test scores. Names of Merit scholars will be announced about April 23, 1964.

Established in 1955 with grants from the Ford foundation and the Carnegie Corporation of New York the Merit program has appointed nearly 7500 Merit scholars.

Westlake Plans Sidewalk Sale

An old fashioned sidewalk sale will dominate the scene in the Westlake Shopping center today and tomorrow.

Merchants in the center will display sale items on brightly decorated tables in front of their stores.

Bert Feltinton, president of the shopping center's merchants association, said the entire shopping center is involved in the sales promotion program.

All sales clerks will wear "crazy" hats made of white silk and decorated with white red, blue and yellow polka dots.

The hats will help customers identify sales personnel.

In the evening hours, searchlights will stab the sky, advertising the program.

The U. S. Navy Recruiting office in Daly City will display a large replica of the USS Portsmouth, an early navy sailing man-of-war.

In addition to the sidewalk sale items, most merchants will offer blue ribbon specials inside their stores.

The center will be decorated with a country fair motif.

AND CHURCH ACTIVITIES OF DALY CITY, COLMA AND PACIFICA

FIRST CLASS—Members of the first youth confirmation class of Bethlehem church talk with the Rev. George S. Johnson, left, pastor of the church. They are, from left, Steele Spengler, Tom Holmberg, Reece Whitacre and Marsha Lund.

Communion Observance Is Planned

World-wide communion will be observed Sunday at Broadmoor Presbyterian church with three services.

Two will be at the usual morning worship hours, 9:30 and 11, and the third in the evening at 7:30.

This international observance, held yearly the first Sunday in October, began in 1936 to symbolize the unity of all churches throughout the world. Most Protestant congregations will participate in similar communion services.

The Rev. Herbert Tweedie and the 12 elders of the church will serve the congregation and choir.

A series of six communicants' class will be held on consecutive Thursday evenings, beginning tomorrow at 8 p.m.

These classes serve to instruct prospective church members in the history and law of the church, basic Christian doctrine, and roles of active church members. Rev. Tweedie will conduct the one-hour long sessions.

The Mariners club of the church will host a members' dinner at the social hall Saturday at 8 p.m.

Guest speakers at the meeting will be Bob and Neta Browne of Christ Presbyterian church in Terra Linda, near San Rafael. Their joint subject will be: "Educating Adults for Christian Growth." Bill and Dale Powers are skippers of the couple's group.

SM County Lines to Be Changed

Public hearing on a proposal to realign the boundary between San Mateo and Santa Clara counties has been scheduled by the San Mateo county board of supervisors for October 15.

Before he agreed to have the meeting, however, Supervisor Alvin S. Hatch wanted to be sure that San Francisco could not use the proposed action as a wedge to change its boundary with San Mateo county, perhaps to annex International airport.

"I want to be sure," Hatch said, "that this will not allow any chance of trouble with San Francisco."

County Manager E. R. Satlings told the supervisor that the San Mateo-San Francisco boundary was established by constitutional amendment and it would take a state-wide election to change it.

"But we can never anticipate," Stallings said, "what trouble we might have with San Francisco at any time."

Belford Brown, the airport manager, recently blasted San Mateo county for its tax policies and declared that, if the airport is to survive and grow, it must somehow be withdrawn from the county's taxing jurisdiction.

Legislation to enable straightening out the San Mateo-Santa Clara county boundary in the East Palo Alto area was approved this year. The change will place Palo Alto-owned facilities, including the municipal golf course, airport and yacht harbor, in Santa Clara county.

The Santa Clara county board of supervisors has scheduled a public hearing for October 14, a day before the hearing to be held in Redwood City.

An Award for Service

DEDICATED SERVICE—James R. Saunders, center, western district manager for Walgreen Drug stores, holds a special plaque the company presented the district for "dedicated prescription service to the community." With him are C. R. Walgreen Jr., left, president of the national concern and S. S. Raab, vice president of the company in charge of store operations.

Walgreen Pharmacists in West Honored by Plaque

A special plaque in recognition of "dedicated prescription service to the community" has been presented to the western district of the Walgreen Drug Stores company.

James R. Saunders, western district manager, accepted the plaque from the company on behalf of his firm's pharmacists in the Bay Area and 11 cities in the district.

The plaque was presented by Charles R. Walgreen Jr., president of the national firm. Both Walgreen and Saunders are registered pharmacists.

In making the award, Walgreen said the plaque is "a testimonial to the high degree of professional confidence accorded the Western district stores and their pharmacists by their communities.

Saunders replied that the award "makes me very proud of our professional people—it is a direct tribute to the fine efforts of all our pharmacists who helped achieve it."

In the North county, Walgreen's operates a store in the Westlake Shopping center.

County Must Provide for Waste Sites

The county board of supervisors committed the county last week to provide adequate waste disposal sites for the entire county, cities and unincorporated areas alike.

County Manager E. R. Stallings said $700,000 might be available next year for site acquisition.

This would give a start on the total acquisition program, which Stallings estimated might cost $2 million to assure enough dump sites for the next 50 years.

The board said the county will not interfere with cities that are operating their own dumps but, when additional land is acquired for cities with county funds, the cities will be expected to agree to uniform standards of operation to be established by the board.

The supervsors also expressed the hope that all dump sites, which will be fill and cover operations, will be used for recreation when they are completely filled in.

If they are, Stallings said, the land acquisition program might qualify for federal funds.

B'nai Israel Sets Service

The holiday of Succoth (or booth) will be ushered in tonight with a service at 8 at Congregation B'nai Israel's temple house, 67 Los Banos avenue, Daly City.

Children in Sunday and Hebrew classes will decorate the Succoth with a variety of fruit as well as cuttings and drawings of religious characters they made during class time.

These items will be hung from the top of the Succoth, which is covered with green foilage.

Succoth is a symbol of this holiday, which lasts for eight days and which culminates the Jewish high holiday season.

Friday evening, regular sabbath worship services will be held at 8 in the temple house.

Rabbi Solomon Shore will speak on the Succoth in ancient Israel. An oneg shabbath will be held after the service.

Rubble Plan Is Dropped

Esplanade residents in Pacifica have decided against trying to use rubble from the coastal freeway construction to shore up their eroding ocean cliffside homes, a spokesman revealed this week.

Max Link said he and his neighbors had decided that it wasn't practical because of the cost and other factors involved.

He said they discovered the rubble would have to be moved twice and stockpiled.

He added the time for the project was too close and that 11 property owners would have had to commit themselves financially to something that may have uncertain value.

Link said that the group has engaged a firm of civil engineers, Bowman and Williams of Watsonville, to represent them and advise them on what future action they should take to protect their properties.

Judea Club Sets Dinner

The Men's club of Temple Judea will conduct an "evaluation dinner" at 7 p.m. Wednesday, October 16, at the Lake Merced Boathouse.

Pacific Parade

By DON MILLER

SOME CALIFORNIANS refer to it as the state's foremost natural wonder. Others refer to it as a wilderness within a madhouse. Still more say it's the state's last frontier.

Whatever you may think of it, California's fascinating Delta region must be ranked high on a roster of places to see. And not just to see but rather to absorb and soak up and remember and cherish.

For the Delta is a wonderful part of California. And if you have anything that floats reasonably well and that can be propelled by one means or another, then you owe it to yourself to explore this phenomenon.

You can cruise and explore the Delta's intricate water wonderland for years, enjoy every moment of every cruise and yet never see exactly the same part of the Delta a second time.

That's because the Sacramento-San Joaquin River region takes in hundreds of square miles of flatlands and more than 1400 miles of navigable waters.

Now with that many miles to explore, Delta exploration could become a lifelong hobby. And it seems that a substantial segment of California's nautically-minded population is doing just that.

★ ★ ★

WHAT DO you see, experience, absorb and remember when you cruise the Delta?

Probably the first sensation you feel is that you have left this age of missiles and Metracal and entered a Delta era when outlaws, gambling, floods, gold and speculation ran rampant.

There is an air of history that hangs heavily over the Delta's winding sloughs, creeks, canals, lakes and rivers.

It is a history of bandits who laid low in bushes and trees along the waterways and then swam silently out toward passing paddle-wheelers, climbed aboard, smoothly robbed passengers and escaped.

It is a chronology of the Chinese who discovered the chief commercial value of the Delta—farming—and who thus found that the soil would produce much more gold in the halls of the money changers in San Francisco than would the fruits of those who labored in the gold fields.

It is a story of fabulous fishing, first realized in the early 1860s, when king salmon, steelhead and Sacramento river perch were found in great numbers.

Today, fishing is by far the greatest recreational use of the Delta. And it seems that behind every boat trails a fishing line.

★ ★ ★

THE MOST rewarding way to travel to and cruise the Delta is to power boat or sail there from San Francisco Bay. This is a time-honored route that today is marked by a steady parade of ocean-going vessels plying their way from the Pacific to Stockton and Sacramento, two inland cities that a century ago would never have been considered feasible as ports for the ships of the world.

As you leave San Francisco Bay, you sail northeasterly past two islands known as the Brothers and into San Pablo Bay, a cantankerous body of water with moods that range from deceptive calm to howling unrest.

After easing—or struggling—through San Pablo, you enter the Carquinez Straits and shortly thereafter, pass under the first bridge of your Delta voyage and one of many that you'll gaze up at as you proceed upriver.

At about this point, the expedition takes on a decidedly touristy flavor for you begin to glide by some rather fascinating scenery that can only be appreciated from the water side.

The first target of ogling is the huge C and H Sugar Refinery at Crockett, the largest such refinery in the world with a sprawling complex of buildings that produces a steady roar and clank of machinery and equipment.

Farther along, neatly nestled against the hills of Solano county, is the Army arsenal city of Benicia with a fisherman's wharf of its own and a number of restaurants that beckon to the hungry mariner.

To starboard, is Martinez with its famed fishing grounds and a new municipal yacht harbor. As you sail past Martinez and into Suisun Bay, you notice one of the most eerie vistas to greet any Delta traveler—the great mothball fleet.

Here, moored side-by-side like a child's building blocks stacked together, are dozens of ships that saw service during World War II as transports but which today aren't needed on the shipping highways of the world.

They've been anchored there now for nearly 20 years, a strange world of rusting hulls and creaking cables. To those Delta visitors who have seen this silent fleet on scores of visits upriver, the ships must seem part of a tragic tableau.

For as anyone who has reached a rapport with the sea and ships will tell you, nothing is more sad than to see a once-great lady of the seas biding her time until the cutting torch of the scrap yard arrives.

★ ★ ★

AFTER SUISUN BAY, the course is long and open but it is a course where you follow your charts carefully. Delta cruising at this point becomes decidedly tricky—the shoal areas abound—and navigation with up-to-date charts and with sharp eyes is a must.

As you approach Port Chicago, Point Edith and an area nown as Middle Point, your boat is apt to start something resembling a conga routine for the water here has a tendency to be rough.

This is because the Sacramento and San Joaquin meet here in a less-than-cozy greeting and the combined flow then bucks the tidewaters from San Francisco Bay.

Once past this turbulence, however, the true Delta region begins and you feel the world as you know it begin to slip astern.

The course takes you through New York Slough, a narrow channel marked by deep water and giant freighters moored along your starboard side.

On a day we sailed through this stretch, the tide was in our favor and with a soft, warm wind just filling the sails, we ghosted along almost in ethereal fashion.

It was an interlude of magic with almost no sound from the land and only the gurgle of water slipping past the bow of our sloop.

It was here that you could almost hear the sounds of yesterday in the Delta—the splash of a paddle-wheeler, the hollers of a deck hand, on a sailing barge, loaded with beer and machinery, the hum of a cannery, processing king salmon.

After New York Slough, you can sail past Antioch and under the Antioch bridge and continue up the San Joaquin to buoy 25 off the mouth of the False River.

Turning east, you find the water more benign and the countryside nearly devoid of settlement.

This, then, is the Delta with its scrambled waterways, its rivers of scenic beauty, its meandering sloughs softly framed with willows, blackberry vines and tules.

The Lady Was Warm

IT WAS HOT in Daly City last week and so Lorie Kolbmann, 22-months-old daughter of Mr. and Mrs. John Kolbmann of 21 Park Plaza drive, decided to take a stroll to cool off—without clothes. Her jaunt was short-lived, however, as Daly City policeman Ed Beecher ended the tour by taking Lorie home.

Coast Okays Apartment

Plans proposed by Robert Hembree for a new eight-unit apartment next to a yet-to-be-constructed county branch library on Hilton lane near Palmetto avenue were approved by Pacifica planning commissioners last week.

Hembree's application to have his property rezoned from a single-family lot to an apartment zone had been held up previously because county library officials had expressed fears the apartment might block the view of the new library. When architects from the county and for the apartment co-ordinated plans, however, planners approved the rezoning.

Also approved last week were plans of Phillip Karp to build three four-unit apartments surrounding a swimming pool on a cul-de-sac off Manor drive.

Both proposals must be given final approval by city councilmen.

Six Nominated To DC Chamber

Six persons have been nominated for the Daly City - Colma Chamber of Commerce board of directors. Election of the board will be held October 10 at the Cypress Hills Golf course.

Running for re-election are Ramona Birke, David Friedenberg, Ted Harris, Fred Martin and Edward Morgan. Armando Zirpoli is the sixth nominee for a seat vacated by Joseph Sarto Jr.

Election of officers will take place after the directors are chosen.

PURSES STOLEN

Asako Costello and her sister, Judy, of San Francisco reported to Daly City police over the weekend that their purses had been stolen from the front seat of their auto, parked in front of 172 Saipan street. They said the purses were valued at a total of $75.

White Cane Sale Set

Pacifica Lions club members will conduct their annual white cane sale in shopping centers throughout Pacifica Friday and Saturday.

Proceeds will be used to finance sight conservation programs and eyeglasses for needy children.

Each contributor will receive a small white cane to wear, acknowledging his help in aiding the Lions' sale.

Mayor Harold Feyge of Pacifica has proclaimed Friday and Saturday "White Cane Days" in his city.

School Land Up for Bid

The Jefferson Union High school district will advertise for bid a half-acre tract on Eastmoor avenue, opposite Westmoor High school, for a minimum of $11,750.

The Henry Doelger corporation had expressed an interest in the land and approached the board with a request that it be put up for bid.

According to Edward King, representing the Doelger interests, the corporation is interested in constructing an apartment building on the property.

The board, in discussing the sale, voted to have a stipulation written into any sales deed, restricting use of the land to non-commercial purposes.

The Varwig company of Palo Alto submitted a low bid of $238,852 for the rough grading portion of the Oceana building project. Work on the job will begin as soon as final access arrangements are completed.

Two Receive Sales Honors

Charles A. Case, 37 Montrose avenue, and Frank J. Loretta, 11 Marshall way, both of Daly city, have qualified as members of the 1963 Star club of New York Life Insurance company.

Case is an underwriter with the San Francisco general office at 433 California street.

Loretta, an underwriter with the Golden Gate office, 1 Montgomery street, San Francisco, is vice president of the Hillside Home Owners Improvement club.

Membership in the Star club is based on 1962-63 sales records and is composed of outstanding agents of New York Life, which has a field force of 7500 full-time agents in 256 offices throughout the United States and Canada.

Mayors Are Elected to Commission

William Lawson, mayor of Menlo Park, and Maurice Hamilton, vice mayor of San Bruno, were elected Friday night to represent county mayors on the new annexation commission now being formed in San Mateo county.

Selected as first alternate to the commission was South San Francisco Mayor Patrick Ahern. The second alternate is Redwood City Mayor John Rozzelli.

Lawson and Hamilton were the first members named to the county committee, which will have life or death power over all annexations, incorporations and creations of special single purpose districts in the county.

In making their choices, the mayors chose one representative from the south county and one from the north county. The city of Burlingame was the dividing line.

Two members of the board of supervisors will be named to the committee before November 20.

The four officials will then select a fifth person, a layman, to serve on the commission.

The commission was created by a law passed by the 1963 legislature. The measure takes the annexation power out of the hands of local city governments.

The commission is expected to follow a state criteria for deciding whether land being annexed by one city should go to that city.

War on Illegal Building Set

A crackdown on illegal construction in Daly City is promised by Daly City officials.

Building inspectors, disturbed over reports of illegal construction of such improvements as family rooms and spare bedrooms, said they will fine residents and contractors building without a permit.

In some cases, they said, the construction will be completely torn out.

Building Inspector George Hopman warned residents who are having work done on their home to check to see that the contractor has a building permit from his office.

Persons working part-time and on weekends, have been violating building codes in construction in order to cut costs, he declared.

Building inspectors will be making spot checks in the area during the day, on weekends and during evenings, he said.

The inspector's staff is available by calling PL 5-0850.

The staff inspects plans to make sure construction is in compliance with city building and electrical codes. A small fee is charged for the inspectors to inspect plans and to look at on-the-spot construction.

In some cases, Hopman said, persons doing building work have got permits but have not notified the inspectors when the job was complete. A final inspection is required.

"Several times when we have gone back to make our last inspection, the work has been done, the guy paid and violations there," he said.

Another part of the building code which is repeatedly being violated is the construction of apartments in single family Malone is ready to answer all questions on zoning.

FOR PACIFICA

Group to Study Bid to Industry

Mayor Harold Feyge has appointed a six-man committee to study the problems of attracting industry to Pacifica.

The mayor's move followed statements made to city council that the city will always remain a bedroom community because of a lack of access to suppliers and markets.

The committee will study the whole development potential for the coast area as it relates to industrial, commercial recreation and heavier commercial land uses.

Chairman is Councilman George Mason. Other members are City Manager Karl Baldwin, City Planning Consultant Ed Robinson, Don McManus from the planning commission, John McCoy, of the Park, Beach and Recreation commission, and Lyle Planje of the Pacifica Chamber of Commerce.

A seventh member, representing the community at large, will be chosen by the committee.

The City Council is holding up action, pending study by the committee, on reclassification of an eleven-acre parcel west of the Edgemar freeway that the city would like to see as an industrial commercial site.

The owners, Oddstad Development company, want apartments there. The company says it has been unable to interest any businessmen in the site

Edward Maykel, an engineer representing the Oddstad firm, told councilmen manufacturers all want to be located on the east side of the Peninsula because of high transportation costs on the coastside.

POINTERS FROM THE PRO—Daly City's Jim Fair gives some golfing pointers following last week's Chamber of Commerce meeting. Fair, who recently won the California Junior title, was awarded a plaque by the chamber. The chamber helped Fair to go to the National Junior championships in Florence, S.C., in July. From his showing in the tournament, he received a 36th national ranking. From left to right are Westmoor High school principal Glen South, Jim's father George Fair, Fair, Daly City Councilman Francis Pacelli and Chamber manager Peter Markovich. (Post-Times Photo)

Rotary District Governor To Visit Daly City Club

Harold E. Tucker, of Garberville, governor of district 513 of Rotary International, arrived today to visit the Daly City Rotary club, one of the 53 clubs in his district.

In addition to addressing Daly City Rotarians at their meeting, he will confer with Paul Hupf, president of the club, and other club officers on Rotary administrative matters and service activities.

Tucker is a realtor in Garberville and is a member and past president of the Rotary club there. He was elected a district governor for 1963-64 at Rotary's 54th annual convention in St. Louis last June.

He is one of 272 district governors responsible for supervising the activities of more than 11,500 Rotary clubs with a total membership of 535,500 Rotarians in 129 countries around the globe.

As a governor, Tucker supervises the organization of new clubs in his area.

Before assuming his duties as district governor, Tucker attended an eight-day meeting at Lake Placid, N. Y., held to assist Rotary governors to meet the duties of their offices.

PROGRESS.— Construction of Mary's Help hospital shows steady progress in this photo, taken at the site at Eastmoor avenue and Junipero Serra boulevard. Wooden forms will hold concrete. In background is a huge crane, largest of its kind in the country, that is being used in the construction. Hospital personnel currently are conducting a drive for funds to ensure that the building is completed as originally planned with 400 beds. (Post-Times Photo)

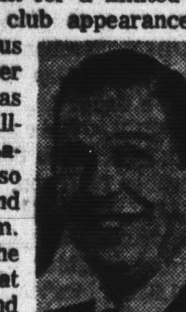
Milton Berle's Revue "Sparks" the Nugget

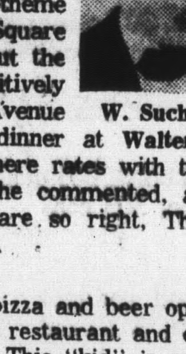


Milton Berle

Milton Berle, fresh from a record-shattering Summer tour in "Top Banana," brought his All-Star Revue into John Ascuaga's Nugget Circus Room Theater Restaurant for a limited engagement last night. This is the first night club appearance in Sparks (East Reno), Nevada, of the fabulous funnyman who earned the accolade of "Mister Television" and is affectionately known as "Uncle Miltie." Featured in Milton Berle's All-Star Revue are the Amin Brothers, and La-Scala Quartet, and Leonard Sues, who will also conduct the show. George Arnold's singers and dancers; Little Bertha, the amazing pachyderm, with her trainer Jenda Smaha, round out the laugh-filled revue ... The new Crystal Room at the Crystal Bay Club (located on the north end of Lake Tahoe, specializes in banquets and private parties, and seats up to 500. If your palate's jaded, treat it to the tempting mahogany broiled steaks. . . .

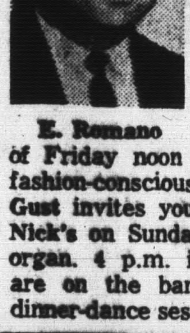
Sal Carson

SAL CARSON and his orchestra are currently bedded down at the Holiday Lodge (just a few miles out of Reno on Highway 40). Sal is entertainment director here—his former Hoberg's resort "entree," Ernie Summers, is the public relations man for the Lodge. . . . Chef Gus Pisia prepares the delicious seafood dishes at Sil Oliva's Exposition Grotto . . . Live music Wednesday through Saturday is a big attraction at the Morocco Room. Vocal section spots Little "E" and Wally Cox. Hosts here are Jimmie and Rich Romanello. . . . Geary Leason will take a week's vacation the middle of October. Business is booming away, as usual, at his Big Al's Gashouse—with the Varsity Boys Combo doing a great musical job, and pizza, beer and soft drinks flowing in order. . . . Phyliss Diller continues to jam pack the Fairmont Venetian Room with her zany capers and witty ad libs. Dare you to keep a straight face during Diller show action. . . . In answer to what pancake your Bright Lighter prefers at Uncle John's Pancake House: "African Banana Pancakes." According to Jack Holder, in charge of the Peninsula Uncle John's, it was also Tarzan's favorite. Failed to ask how Tarzan prepared them, but seems there was a "Jane" somewhere along the line.



W. Suchorski

NICE GESTURE on the part of the Villa Chartier employees when they hosted a surprise birthday party for Maitre d' Walter Suchorski. They gifted him with a round-trip ticket to Las Vegas—and silver dollars to match. Seems Walter's recently married daughter, Vicki, is making her home in Las Vegas and the vacation trip acted as a two-fold visit purpose. Mr. Suchorski has served under the Emerson Murfee "colors"—on and off—since 1945. If you're planning a banquet for the coming holiday season, Suchorski is your man, the Villa Chartier is the site. . . . Tropical atmosphere and everything that brings the Island theme your way awaits your visit to the Villa Square Lanai. Not only is the food delicious, but the background hand-holding music positively "flips" me. . . . Ted Steiner, the Third Avenue jeweler, did a 15-minute rave on his dinner at Walter's, the other afternoon. "The prime rib served here rates with the best that my wife and I have ever tasted," he commented, and the salads are "space and way out." You are so right, Theodore, I've been telling the readers that for weeks.



E. Romano

ENRICO ROMANO, who parlayed a pizza and beer operation out Pacifica way into a successful Italian restaurant and cocktail lounge, has discovered a new past time. This "kid" is now surf boarding at Lake Tahoe, no less. Was informed, Monday eve, *that he is getting in shape for his trip to Honolulu in November. He even invited Yours Truly to join him. Ha! It's all I can do to stand upright in a shower, let alone zoom around on a surf board.* But the trip—wellll, that's food for thought. . . . Milt Tonini, Princeton Inn-er, has a hobby besides making money—enjoys puttering around the garden. Milt can call any plant or weed on his Princeton property by its first name. . . . According to reports, the Royal Lodge Motel has taken over the restaurant operation of the Sky Deck. . . . The Original New Southern restaurant policy of Friday noon day fashion shows is proving a big draw with fashion-conscious males and style-wise ladies, alike. . . . Nick Gust invites you to dance to name bands, via the juke box, at Nick's on Sunday afternoons. Also music of Verna Wales at the organ. 4 p.m. is the "select your partner" time. The 3-Beats are on the bandstand Friday and Saturday evenings for the dinner-dance sessions.

Pioneer Hotel Under New Management

The "new" Pioneer Hotel unveils its entertainment program this evening with the popular Earl "Fatha' Hines and his Orchestra on hand to entertain and play for dancing. This is a Tuesday-through-Saturday schedule and something different for the Pioneer customers—both old and new.

The restaurant, now under new management, are serving lunches and dinner, as usual, every day, except Monday. Bar open seven days a week. There are many new plans for the Pioneer Hotel's future.

In case you're interested in a fried chicken franchise, now is the time to contact Keith Williamson, the Burlingame restaurant man whose rise to fame at Keith's Chicken and Steak House will probably appear in a nationwide magazine publication someday. Keith is planning a franchise operation and is ready, willing, and able to negotiate.

Tony Licata and his wife, Carmen, are celebrating the birth of their first little Licata—Vincent Joseph, who weighed in Sunday, Sept. 15, at 6 lbs., 5 oz. This makes Restaurateur Vince Licata of Peninsula Italian and Sea Food fame a grand pappy. Son Tony is executive chef at this thriving restaurant on El Camino Real.

Advice from Joe Pastori, waiter at Rocca's restaurant: "A big smile with your order gets you better service than a big tip later. By the time you tip, it's too late for your waiter to learn to love you."

"Bloody Marys" Cocktail Lounge

For some reason, Frank Dennison reminds me of a plantation owner. He loves a tropical atmosphere, as you will no doubt be aware of once you visit the new Sheraton-Villa Motor Inn, where Mr. Dennison is general manager. The entertainment includes Billy Tavaki and his Samoans, featuring Princess Tiara.

The former Picador cocktail lounge was renamed "Bloody Mary's" — all the formful cocktail waitresses are named "Mary." Who knows what will follow! Wouldn't be surprised if Mr. Dennison booked in Mary Martin in South Pacific.

Miss Joy Groh, secretary to Hyatt House Hotel general manager Ed Sullivan, has taken dictation for quite some time, but understand the time draws near when she may do a little dictating of her own. Miss Groh has been studying law during her off hours and has her sights set on passing the bar examination.

Kappie, the Kosher restaurant Midas of the Gold Rush, night offing and partaking of the fine cuisine at George Mardikian's Omar Khayyam's restaurant. It's no secret, Kappie, that you double ordered the Baclava dessert.

Barney's Business Four-Fold Increase

About the only place to sit down at Barney's Casino, Lake Tahoe (South Shore), Nevada, last weekend, was in a phone booth—and even they had a waiting line. Business here is four times what it was last year—and that big Irish smile Barney wears is for real.

Even with business as big as it is, Barney is still giving away $$$$. All you have to do is present the coupon that appears in Barney's advertisement to the cashier and you receive one dollar in cash to do with as you please.

John Graziana overheard this at his Brentwood Lodge: "She doesn't think much of money, BUT, she can hear a $20 bill drop on a thick carpet.

PHARMACY HONORS — Ronald Shewfelt presents Pharmacist of the Month award to Sister Agatha Flynn of Mary's Help hospital.

D.C. Nun Gains Pharmacy Award

A sparkling-eyed, 87-year-old Daly City nun who has spent 60 years of her life as a pharmacist has been named "Pharmacist of the Month" for her contributions to the community and to her profession by the board of directors of the Northern California Pharmaceutical association.

She is Sister Agatha Flynn, a member of the Daughters of Charity of St. Vincent de Paul and head of the Mary's Help Hospital pharmacy.

The slight but energetic sister with a twinkle and sparkle in her eyes has been at Mary's Help hospital for the past 47 years and in addition to keeping stock control of the pharmacy and administrating its operation, supervising two young pharmacists, Sister Agatha spends much of her time visiting the sick and the poor throughout the city.

The announcement of the award to Sister Agatha and the presentation of the plaque was made at the hospital by Ronald Shewfelt, executive secretary of the Northern California Pharmaceutical association.

The award was made to Sister Agatha because of her contribution to the community in visiting the sick and poor and for her efforts in helping to plan the new pharmacy at the Mary's Help hopsital now under construction in Daly City.

Each month a Northern California pharmacist is selected for the honor by the N.C.Ph.A. board of directors from nominations submitted by members of the association.

"The monthly awards were created to make the awareness in the public's mind of the contributions of pharmacy to the community and its welfare and to give evidence to pharmacists that their efforts do not go unnoticed," Shewfelt explained.

Asked what her major interests were, Sister Agatha, who admits her exact age is "86-87", said: "pharmacy."

Comparing pharmacy today with when she first entered the profession she replied "there is no comparison." "The efficiency of pharmacy is unbelievable today and with the knowledge the modern pharmacist must possess in this day and age, the standards of six years of training at a university or college are not set too high."

Born in Nebraska, Sister Agatha, herself, studied pharmacy under private instruction over 60 years ago, but did not become registered as a pharmacist until 1927.

In addition to being a registered pharmacist, the active nun also is a registered nurse, receiving her training and degree from St. Joseph's hospital in St. Joseph, Mo., in 1905.

A member of the Northern California Pharmaceutical association as well as the American Pharmaceutical association, she said, referring to the forthcoming National Pharmacy Week, October 6-12: "All pharmacists should be honored at that time, and not any one individual and pharmacists, themselves, should take pride in their profession, exemplifying it in National Pharmacy Week."

Sister Agatha Flynn is the first woman pharmacist to receive the honor and award of "Pharmacist of the Month" since the program was launched in January of this year.

Recreation Program in 2nd Week

The second week of registration and classes are set this week in the Daly City Recreation department's Creative Arts program under the direction of Nedra Merrick.

One major change in activity has been announced. A complete description of the programs, the site and time of each are:

It meets Saturday 3 to 4 p.m., Westmoor clubhouse and Saturday, 1:30 to 2:30 p.m., War Memorial Community center.

Drama Workshop is a continuation of a successful summer program that gives the teen-ager the opportunity to experience readings, rehearsals and drama presentations.

Group activity will be directed towards the production of stage presentations for performance before various community audiences. The Saturday morning period will be devoted to pay readings and rehearsals. The Thursday evening session will be used to explore and work with stagecraft, costuming, makeup and total stage production. This program is designed for boys and girls in the seventh grade and above.

It meets Thursday, 7 to 9 p.m., Westlake Park and Saaturday, 9 to noon, Westmoor park.

Additional information is available from the Recreation department at PL 5-0850, Extension 18.

NOT FOR CHARITY

School Is for Classes, Says Laguna Board

Charity does not begin in the classroom, the Laguna-Salada Elementary school district trustees decided at last week's meeting.

The trustees voted to continue their long-standing prohibition against charity fund drives and distribution of information from outside agencies in classes.

The board re-emphasized its decision, first made in 1959, after hearing a request from Boy Scout Executive Earl Schmidt and Al Rosenberg, chairman of the local Boy Scout district, that Boy Scout information be given out by teachers during class periods.

Superintendent Frederick E. Lucas pointed out that the board first adopted its policy to eliminate all fund drives such as the March of Dimes and Cancer fund drive four years ago to give more time for instruction.

At that time it was agreed that volunteer representatives of approved organizations could distribute notices during noon lunch periods only.

The policy was originally adopted, the superintendent explained, as schools are expected to do more and more with no additional time allowed.

One trustee pointed out that if an organization could not get enough volunteers to pass out information, it is also doubtful if it could obtain adequate leaders.

The only exception to the board's policy of limiting distribution of notices in classrooms is occasional notices from Pacifica's park, beach and recreation department.

Board members suggested to the Boy Scout officials that they include any information that they may wish to get to pupils in Parent-Teacher association bulletins, which are given out in classrooms.

Rosenberg also agreed to try to secure enough volunteer workers to pass out pamphlets during noon periods.

A group of parents living above Ortega school on Crespi drive and other streets appeared to complain that lack of bus transportation is forcing their children to walk through heavy windstorms and forcing them to get drenched walking down steep streets during winter rainstorms.

Board members pointed out they adopted some time ago to cut transportation costs, a policy of requiring parents to get their children to classes if they live within a mile of schools if their children are in primary grades or within a mile and a half, if their children are in the fourth to eighth grades.

It was reported that all elementary school buses are used to transport students to high schools during earlier hours and that Jefferson High school buses are used for elementary school children during later hours to cut costs.

It would be difficult to change schedules unless a great capital outlay was made and unless transportation costs were allowed to increase greatly, officials said.

The board agreed to the transfer of a number of teachers within the district to cut the classroom load of each teacher to between 32 and 33 students. Last year some teachers had as many as 40 students in a class.

The board went officially on record as opposing unification with the Jefferson Union High school district.

It was agreed, however, if the unification is approved over the local board's objections that a seven-member board should be created, with one trustee each from the Bayshore and Brisbane elementary districts, two from the Jefferson district and three from the Laguna-Salada district.

It was also recommended that the tax rate for the new unified district should be no higher than the present total of all district taxes, and that all bonded indebtedness should be levied among the new district.

Lucas reported that construction bids for the new Fairmont No. 1 school, composed of 21 classrooms and two kindergartens, will be opened October 14 and presented to the board the following day.

It was agreed to grant teachers salary increases when they complete a new mathematics teaching class or the teaching of a language class at the College of San Mateo.

Trustees ordered the administration to obtain legal descriptions for new school sites in the Fairmont No. 2 and 3 and Portola Heights tracts.

The board agreed to allow social studies teachers to design their own tests within an approved framework after hearing a presentation of history and civics teaching.

Teachers said they would rather change the emphasis to understanding our historical heritage rather than to emphasizing facts.

A program of remedial "opportunity classes" for substandard readers held from the fourth to eighth grades last year was extended downward through the second grade.

An experimental program in "co-operative teaching" in which two teachers will teach the same class was approved for Westview school.

The board discussed recently enacted state legislation that would allow certain kindergarten children to be promoted to the first grade after September 20.

Two state requirements limiting students to those among the top 5 per cent in their class and that students be enrolled long enough to determine their fitness for the first grade would be difficult to determine, it was agreed.

NROTC for 1964 Open For Youths

The Navy's 1964 Naval Reserve Officer Training corps program has begun.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission in the Navy while studying at a civilian college of his choice that has an NROTC unit.

All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of $600 for not more than four years.

During the summer, the student goes on training cruises to many parts of the world.

After completing the usual four year college course, he is commissioned in the regular Navy or Marine corps and goes on active duty as a prospective career office in the Naval services.

He receives the same promotional opportunities, duty assignments and benefits as his Naval Academy contemporary.

High school seniors and graduates who have reached their 17th birthday and have not reached their 21st birthday by July 1 of 1964 may apply for the NROTC aptitude test.

All applications must be received by the Naval Examining section, Science Research Associates Inc., 519 Sheridan road, McHenry, Ill., not later than November 22 of this year.

SSF Cyclist In Collision

Carlyn Arlene Cox, 8, swerved her bicycle to avoid one collision Thursday afternoon and got into another, bouncing off the side of a two-ton truck and nearly rolling under the wheels, according to South San Francisco police.

Carlyn, who lives at 27 Portola avenue, was riding west on Spruce avenue shortly after 3 p.m. and was crossing El Camino Real when she swerved into the slow traffic lane to miss a boy on a bicycle heading east.

The truck, driven by Jack E. Criswell, 28, 453 Evelyn lane, Hayward, just happened to be there, also headed west.

Criswell told police he heard a horn and a slight popping noise and stopped to investigate.

He found the youngster had bounced off the right rear side of the truck near the wheels.

The girl was treated and X-rayed at Peninsula hospital and sent home.

Woman Hurt In Accident

A 76-year-old Daly City woman was injured in a two-car collision at Brunswick street and Evergreen avenue, Daly City, about 11:30 Friday morning.

The woman, Rosa Alicandro of 1036 Brunswick, was treated for a nose injury at Kaiser Foundation hospital in South San Francisco.

She was a passenger in an auto driven by Tony Alasandro, 53, of the Brunswick address.

Police identified the driver of the other car as Raymond L. Golden, 22, of 284 Alexander avenue, Daly City.

Rizzo Fund Call Issued

The Broadmoor Property Owners' education has issued another call for clothing and contributions to the Sam Rizzo fund.

Rizzo's home at 735 Stewart avenue was destroyed earlier this year by an explosion and flash fire. The home repairs were covered by insurance but such things as appliances, clothing and other belongings were destroyed. Rizzo has seven children.

Contributions can be made to the Broadmoor police department, 388 Eighty-eighth street, Colma.
